SPECIAL LIVERY

TITAN AIRWAYS

FIFA WORLD CUP 2026

AIRBUS A320-233

Titan Airways (Coca-Cola FIFA World Cup Livery) Airbus A320 296

As part of the upcoming FIFA World Cup, which will be held in various cities across the United States, Mexico, and Canada between June 11 and July 19 of this year (2026), Titan Airways gave one of its aircraft a special livery.

The aircraft in question is a 14-year-old Airbus A320, registration G-POWK, manufactured at Airbus's Hamburg facility.

Last December, after its conversion process, it was unveiled sporting its new "Coca-Cola FIFA World Cup" livery.

The Airbus A320 family is a series of narrow-body airliners developed and produced by Airbus. The A320 was launched in March 1984, first flew on 22 February 1987, and was introduced in April 1988 by Air France. The first member of the family was followed by the stretched A321 (first delivered in January 1994), the shorter A319 (April 1996), and the even shorter A318 (July 2003).

The A320 series has two variants, the A320-100 and A320-200. Only 21 A320-100s were produced. These aircraft, the first to be manufactured, were delivered to Air Inter – later acquired by Air France – and British Airways as a result of an order from British Caledonian made prior to its acquisition. The primary differences from the -100 were the -200's wingtip fences and increased fuel capacity, providing increased range.
