BOEING 737-800

EL AL Israel Airlines Boeing 737-800

036

El Al Israel Airlines Ltd. (TASE: ELAL, Hebrew: אל על נתיבי אויר לישראל בע"מ,[3] trading as El Al (Hebrew: אל על , "Upwards", "To the Skies", or "Skywards", stylized as ELעל AL אל ; Arabic: إل-عال), is the Israeli flag carrier. Since its inaugural flight from Geneva to Tel Aviv in September 1948, the airline has grown to serve almost 50 destinations, operating scheduled domestic and international services and cargo flights within Israel, and to Europe, the Middle East, the Americas, Africa, and the Far East, from its main base in Ben Gurion Airport.

El Al is the only commercial airline to equip its planes with missile defense systems to protect its planes against surface-to-air missiles, and is considered one of the world's most secure airlines, thanks to its stringent security procedures, both on the ground and on board its aircraft.

The Boeing 737 Next Generation, commonly abbreviated as 737NG, or 737 Next Gen, is a narrow-body aircraft powered by two jet engines and produced by Boeing Commercial Airplanes. Launched in 1993 as the third generation derivative of the Boeing 737, it has been produced since 1997 and is an upgrade of the 737 Classic (−300/-400/-500) series.

It has CFM International CFM56-7 series engines, a glass cockpit, and upgraded and redesigned interior configurations. The series includes four variants, the −600/-700/-800/-900, seating between 108 and 215 passengers. The 737NG's primary competition is the Airbus A320 family.

Scale: 1:100
Length: (395mm)
Width: (358mm)
Parts: 313 (12 pages)

Attach the parts in order.
A1 - I6
You can choose to make either a grouded style (With Wheels) or an in-flight style (without wheels) aircraft.

*This model is designed for papercraft and is different in several ways from the real plane
*Build the model by carefully reading the Assembly Instructions.
*The final size of the model may vary slightly depending on the configuration of your printer
