Qatar Airways Company Q.C.S.C. (Arabic: القطرية, al-Qaṭariya), operating as Qatar Airways, is the flag carrier of Qatar. Headquartered in the Qatar Airways Tower in Doha, the airline operates a hub-and-spoke network, flying to over 150 international destinations across Africa, Asia, Europe, the Americas, and Oceania from its base at Hamad International Airport, using a fleet of more than 200 aircraft. Qatar Airways Group employs more than 43,000 people. The carrier has been a member of the Oneworld alliance since October 2013.

The State of Qatar was a joint-owner member of Gulf Air along with Oman, The UAE (only the Emirate of Abu Dhabi), and Kingdom of Bahrain, until May 2002, following its withdrawal. It became the first country among the three to withdraw from the Airline to solely focus on its own airline Qatar Airways, although it remained a member of the airline for six months after the government announced its complete withdrawal.

The Boeing 737 MAX is the fourth generation of the Boeing 737, a narrow-body airliner manufactured by Boeing Commercial Airplanes (BCA), a division of American company Boeing. It succeeds the Boeing 737 Next Generation (NG) and competes with the Airbus A320neo family. The 737 MAX is based on earlier 737 designs, with more efficient CFM International LEAP-1B engines, aerodynamic changes, including its distinctive split-tip winglets, and airframe modifications. The new series was announced on August 30, 2011. It took its maiden flight on January 29, 2016 and was certified by the U.S. Federal Aviation Administration (FAA) in March 2017. The first delivery was a MAX 8 in May 2017 to Malindo Air, with whom it commenced service on May 22, 2017.
