BOEING 737-800

Swoop Airlines Boeing 737-800

205

Swoop was a Canadian ultra low-cost airline owned by WestJet. The airline was headquartered in Calgary, Alberta and was named after WestJet's desire to "swoop" (or jump) into the Canadian market with a new business model. It was officially announced on September 27, 2017, and began flights on June 20, 2018. The airline had bases In Hamilton (ON), Toronto–Pearson, Winnipeg, Edmonton, and Abbotsford. However, Swoop's bases in Winnipeg and Edmonton closed on October 20, 2023; the Toronto base closed a few days later on October 25. Swoop was integrated into WestJet's mainline operation on October 28, 2023.

In April 2017, WestJet announced that it was planning to launch a new airline to enter the growing ultra low-cost carrier (ULCC) market and compete against NewLeaf (now Flair Airlines). This date coincided with the announcement that WestJet's pilots would be voting on joining the Air Line Pilot's Association.

The Boeing 737 Next Generation, commonly abbreviated as 737NG, or 737 Next Gen, is a narrow-body aircraft powered by two jet engines and produced by Boeing Commercial Airplanes. Launched in 1993 as the third generation derivative of the Boeing 737, it has been produced since 1997 and is an upgrade of the 737 Classic (−300/-400/-500) series.

It has CFM International CFM56-7 series engines, a glass cockpit, and upgraded and redesigned interior configurations. The series includes four variants, the −600/-700/-800/-900, seating between 108 and 215 passengers. The 737NG's primary competition is the Airbus A320 family.

Scale: 1:100
Length: (395mm)
Width: (358mm)
Parts: 307 (12 pages)

Attach the parts in order.
A1 - I6
You can choose to make either a grouded style (With Wheels) or an in-flight style (without wheels) aircraft.

*This model is designed for papercraft and is different in several ways from the real plane
*Build the model by carefully reading the Assembly Instructions.
*The final size of the model may vary slightly depending on the configuration of your printer
