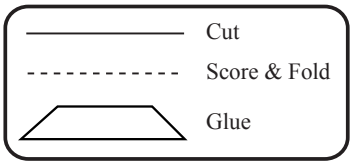
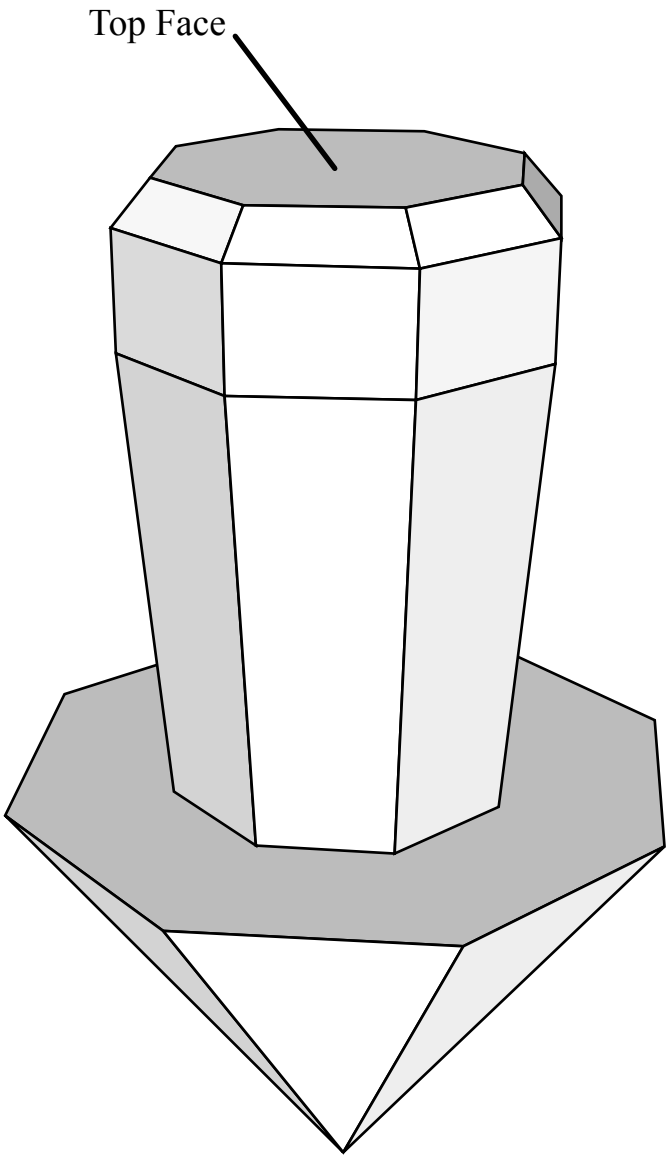
Build Example

Based on the reward/info NPC marker, used in Guild Wars, the online MMORPG.



Construct the pieces to look like this.



- Glue Section A to Section B as in the diagram. Make sure to get it centered as possible.
- If you make a small pin hole in the top face, then secure some cotton or thin fishing line. You can hang this from the ceiling to hover above you while you play Guild Wars or Guild Wars 2.
- If you want it to have more of a shine, try printing on Glossy paper.
