

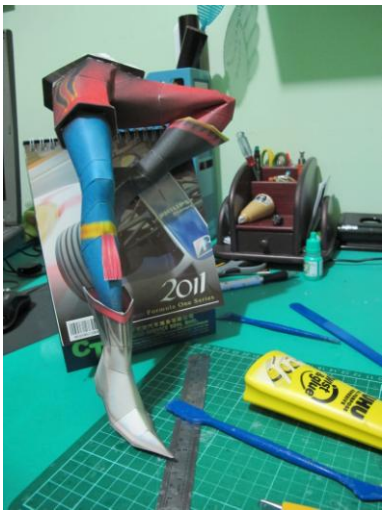
KEFKA

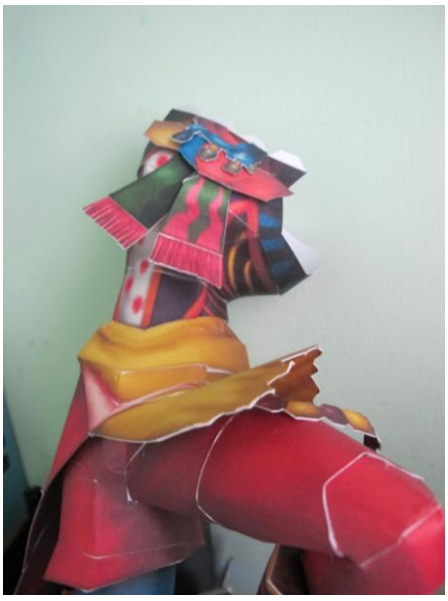
LEGS

1. Construct parts 1-8 for the right shoe.
2. Construct parts 9-14 to complete the right leg. Cut some fringes into part 10.
3. Then, construct parts 15-18 and glue it to the right leg.
4. Construct parts 19-32 for the left leg. You may need to squeeze the leg a little.
5. Combine the two legs with parts 33-34



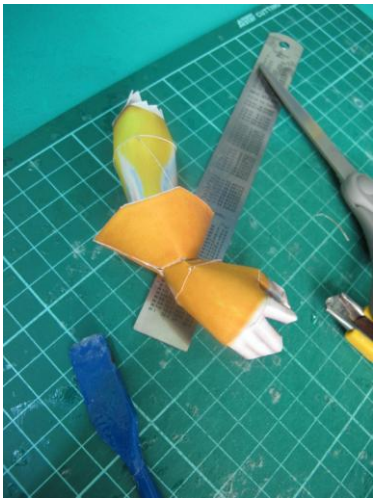
SKIRT & BODY

1. Construct parts 35-42 for the cloth. Cut some fringes into part 35. Double-side and trim any excess.
2. Then, construct parts 43-46.
3. For the body, construct parts 47-51.
4. Construct parts 55-56, double-siding and trimming when necessary. Then, glue part 58 and attach part 57.



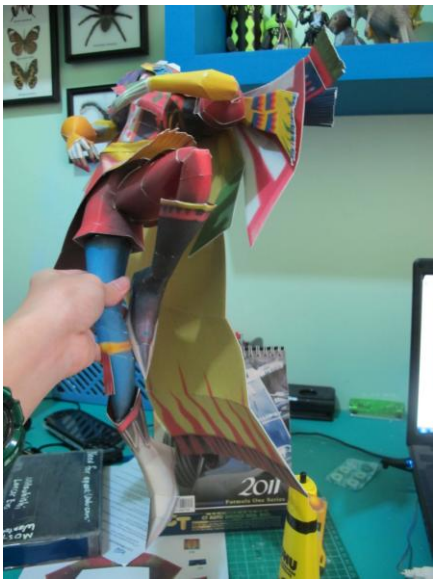
HANDS

1. First, construct parts 59-69. The hands are small so be careful.
2. Repeat with parts 70-80 for the other hand.
3. Construct parts 82-88 and parts 89-92 for the puffy sleeves. Attach the arms to the body.



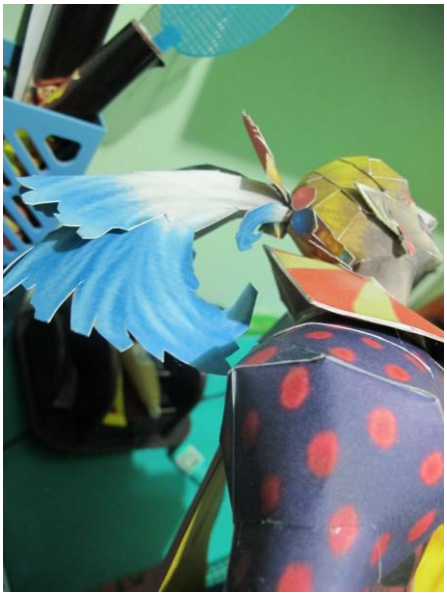
CLOTH & CAPE

1. Build parts 93-104 for the various cloth on his back. Double-side, trim and cut fringes into them. Attach them to the body.
2. For the cape, just construct parts 105-115 which is pretty straightforward. Attach part 116 to the end of the cape. Then, glue the cape to the body.
3. Construct parts 117-118 for the puffy collar.



HEAD & ACCESSORIES

1. Construct parts 119-138 for the neck and face.
2. Then, construct parts 139-141 and 142 and attach them to the face.
3. The hair is very easy. Just construct parts 143-148 and close it with part 149.
4. Construct parts 150-152 for the earrings and glue them to the ears.
5. For the feathery headdress, construct parts 153-161. trim away the excess.
6. Cut a small hole into the back of the head, and insert the headdress into it. Use lots of glue or it'll fall off easily.
7. Finally, construct parts 162-176 for the various ribbons and beads and glue them to the head. Refer to the PDO if you get confused.



The insane, maniacal, psycho clown is now complete!
