Building Tips

Hello everyone !
Here are some tips for building the model, those tips are about the pieces with a letter beside it.

Feet Claws :

Cut a little snick on the sides of the claws and then fold a triangle shape to fit the claws to the toes.

A-B-C :

Glue part A to part B, after that, glue part B aroud part A to put it in place.

D :

All of those little rectangles are to be glued on the straps extremities, it permits to roll around the straps around the metal buckles, those parts are optionnal.
