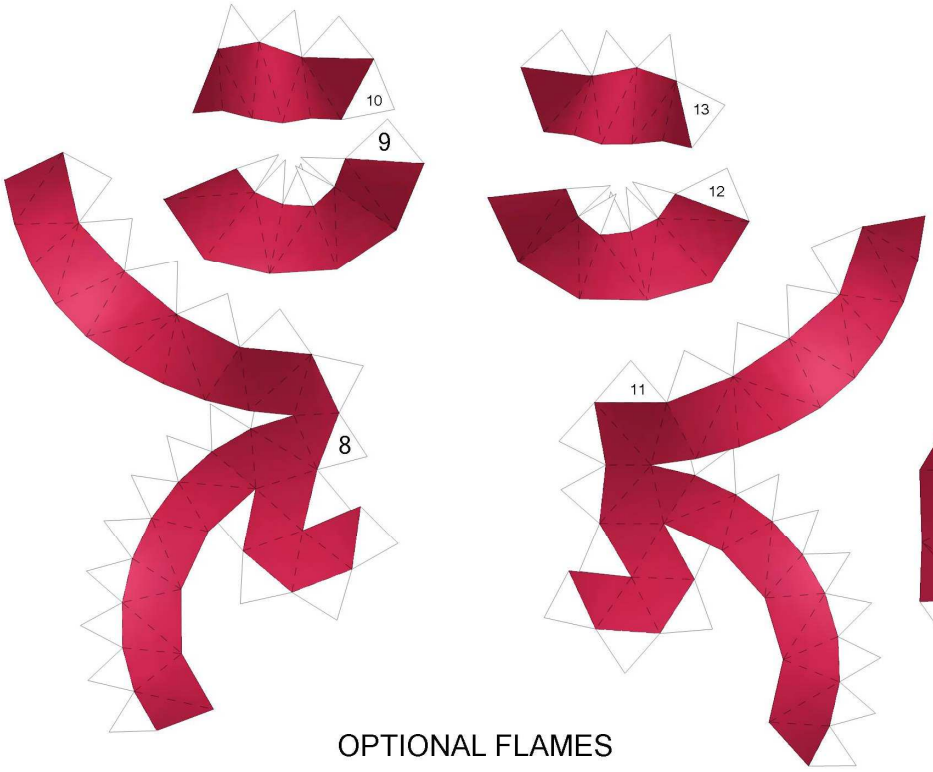
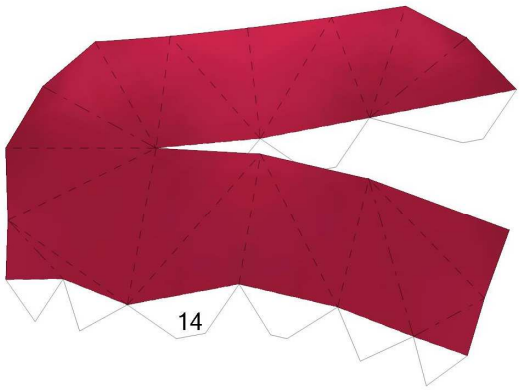
Glue 6 and 7 to 5 BEFORE gluing 5 to 4. This can be hard, so take your time here

The hardest part of the model is gluing 8 to 13 to the mouth and 14 all around it after. Make sure to round piece 14 and take your time with the tabs, holding them for a bit until they dry.





OPTIONAL FLAMES

Start the flames by the bigger piece, starting by the tab with the number 36 and build around it. There are some pieces without tabs, so refer to the pdo.
