

Clock Town Schnauzer

This little dog can be found in the game *Majora's Mask*, in South Clock Town, near the clock tower. It reacts differently to the different incarnations of Link. When Link first enters Clock Town after being transformed into a Deku Scrub by the Skull Kid, the dog attacks Link (luckily, it won't cost you any hearts).

As normal Link, the dog hardly notices you, but when you wear the Zora mask, the dog seems to like the smell of fish and follows you around. Goron Link frightens the little dog. At first he will act tough and growl at you, but after you take a swing at him, he quickly scurries away... ;o)
