Colosseum, Italy

This circular stadium built in the days of ancient Rome remains famous today as a favorite sightseeing destination symbolizing Italy. Built on the previous site of an artificial pond in Emperor Nero's gardens, the elliptical Colosseum is 188 meters in diameter at its widest point and 156 meters at its narrowest. With a height of 48 meters, it is said that to have accommodated 45,000 spectators in the days of the Roman Empire.
