

# NinjaToes

FREE Kurt (not Russell) papercraft model

## Kurt Zisa

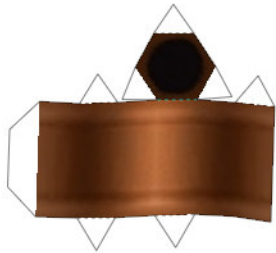

What makes the “Agrabah Weapon” such a formidable foe? Well, it’s fast, hits hard, and hits often. And oh; when you first arrive, it’s invulnerable to any kind of physical attacks, and it immediately casts *Silencega* to nullify your magic... So before you can even *start* to try and do some damage, you have to destroy the two glowing spheres he’s holding in his lower arms (while trying not to get killed in the process...). And then when you finally get him down, a few moments later, you get to do it all over again... ;o)

So, ask yourself: do you really want to revisit Agrabah and fly the Magic Carpet to the middle of the desert only to get trapped in an inescapable arena with this guy?

Sure you do. ;o)
