

RIKKU PAPER-CRAFT MODEL BY NINJATOES

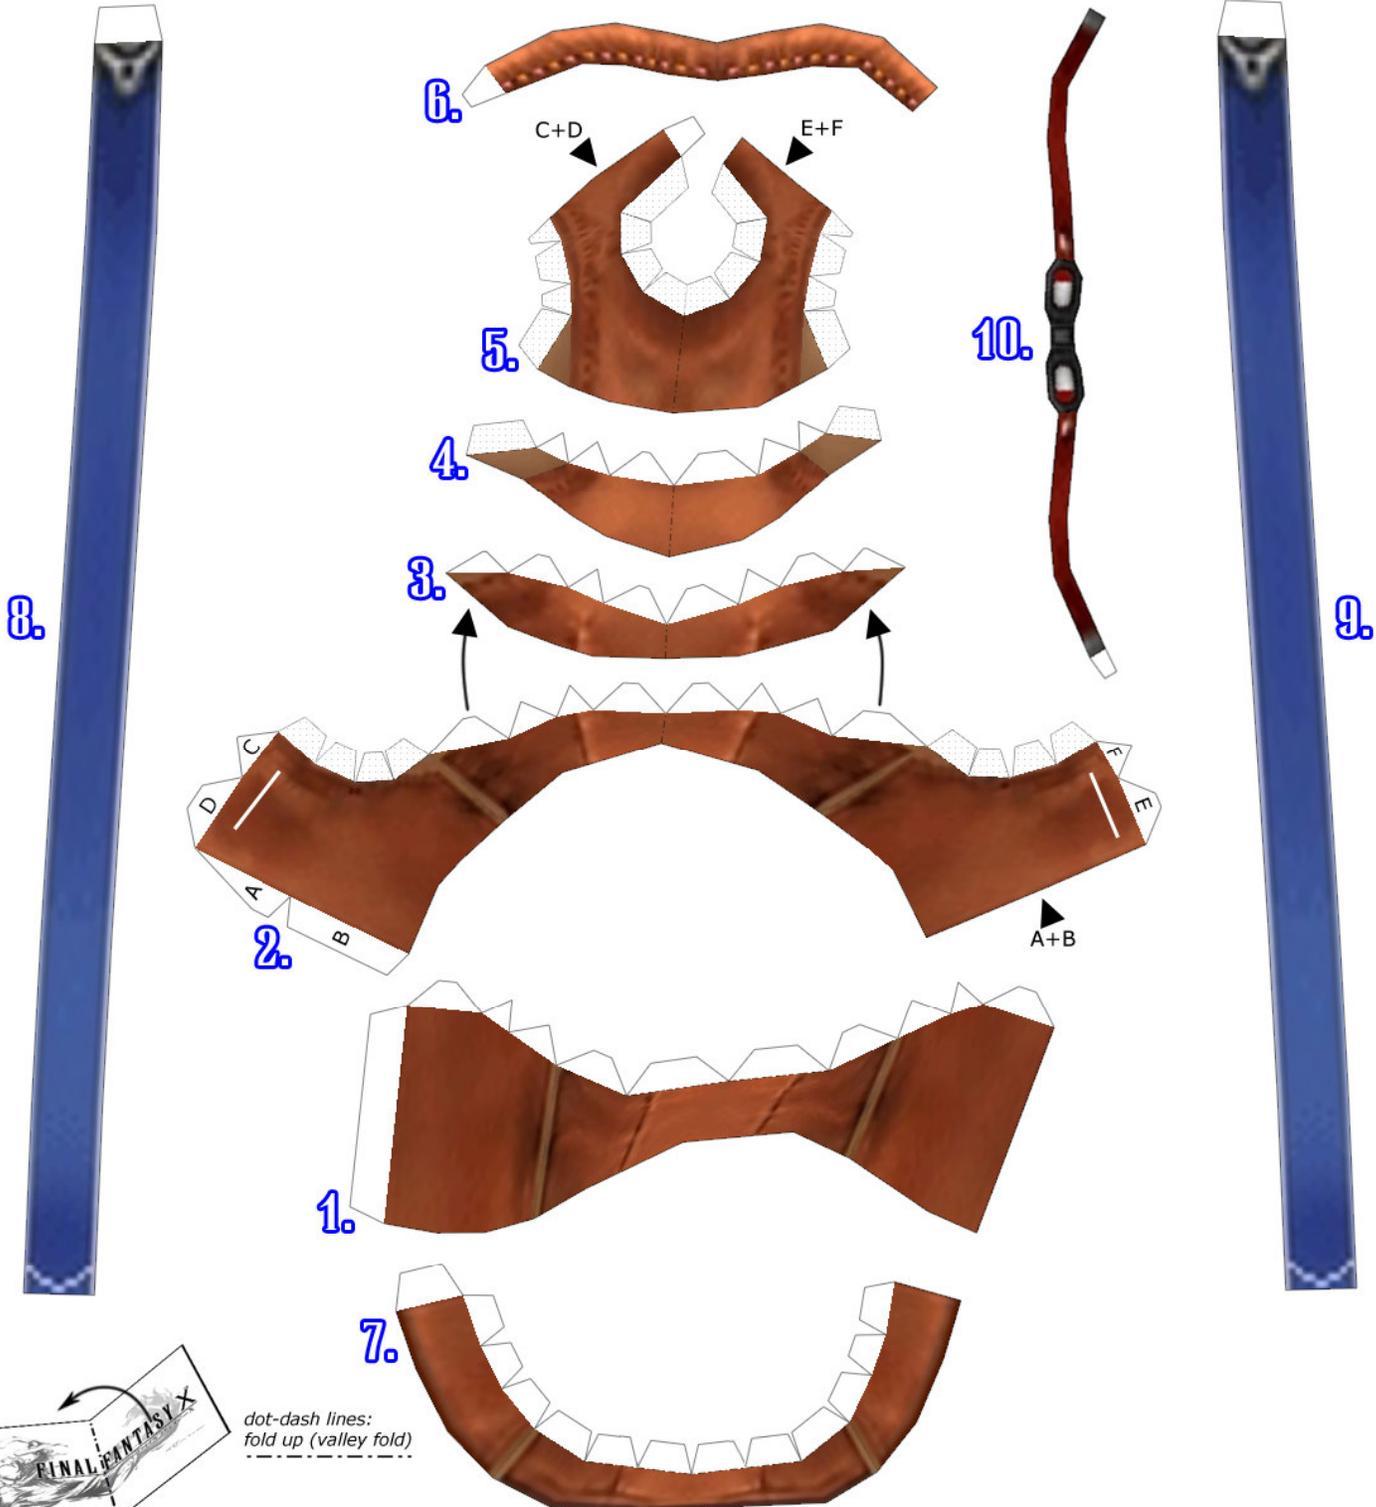

Although she doesn't believe in the summoners sacrificing themselves in order to stop Sin, the young Al Bhed girl Rikku still decides to join Yuna and her guardians on their pilgrimage.

Rikku may not be very strong, but she's fast and nimble, making her an excellent Thief; not only can she steal items from enemies, but she can also dismantle mechanical enemies in a heartbeat. Her ability to use Al Bhed potions and her Mix Overdrive make her a valuable asset to the team. And as the story evolves and Rikku gains more AP, you can have her become a potent healer by moving her into Yuna's portion of the Sphere Grid or have her learn powerful Black Magic from Lulu's section.

Good things do come in small packages.
