The background of the entire page is a stylized, embossed version of the Twilight Princess title screen. It features the Hylian crest at the top, the title 'THE LEGEND OF ZELDA' in large red letters, and 'Twilight Princess' in blue below it. The lower half shows the faces of Link and Wolf Link, with the Triforce of Wisdom in the center.

Wolf Link

During Link's newest adventure, **The Legend of Zelda: Twilight Princess**, you'll sometimes have to play as a wolf. Not to worry though, because Wolf Link is far from helpless... Although you become unable to use items, there are certain benefits to being a wolf as well. For instance, you can use the **Sense** command to become able to see things invisible to the naked eye and catch scent trails. And you can also **Dig** at the ground to unearth special items or find a way through to the other side of a locked gate.

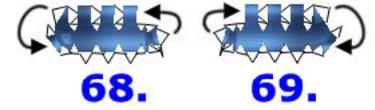

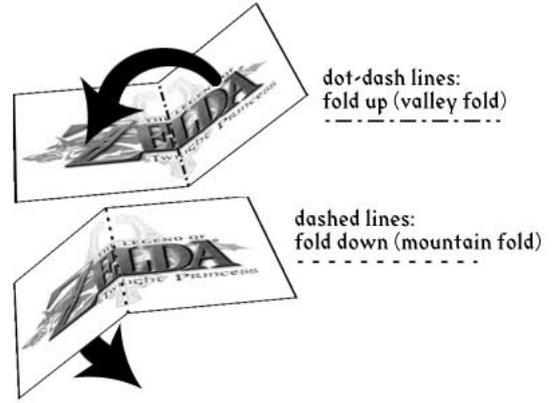

And of course, what enemy wouldn't be afraid of Big Bad Wolf Link...
