

PRINCESS ZELDA

Even at this young age, the "Princess of Destiny" is already very wise. Being the daughter of the King of Hyrule and heir to the throne, she knows much about the legends surrounding the Triforce and the land of Hyrule. And she knows it's in danger. Again.

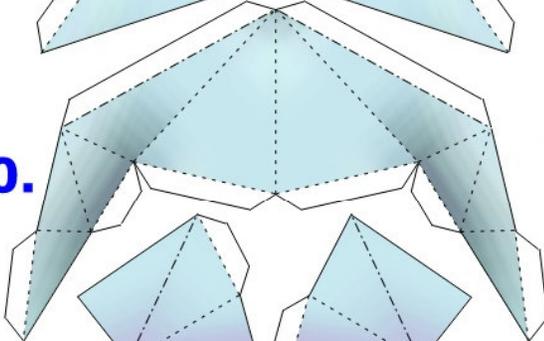

Don't let her cute appearance fool you, because the Princess of Destiny can be quite a tomboy as you'll soon find out when playing Ocarina of Time...
