

HALLOWEEN 2011 MINTFTG GHOST

PAPERCRAFT MODEL BY NINJATOES

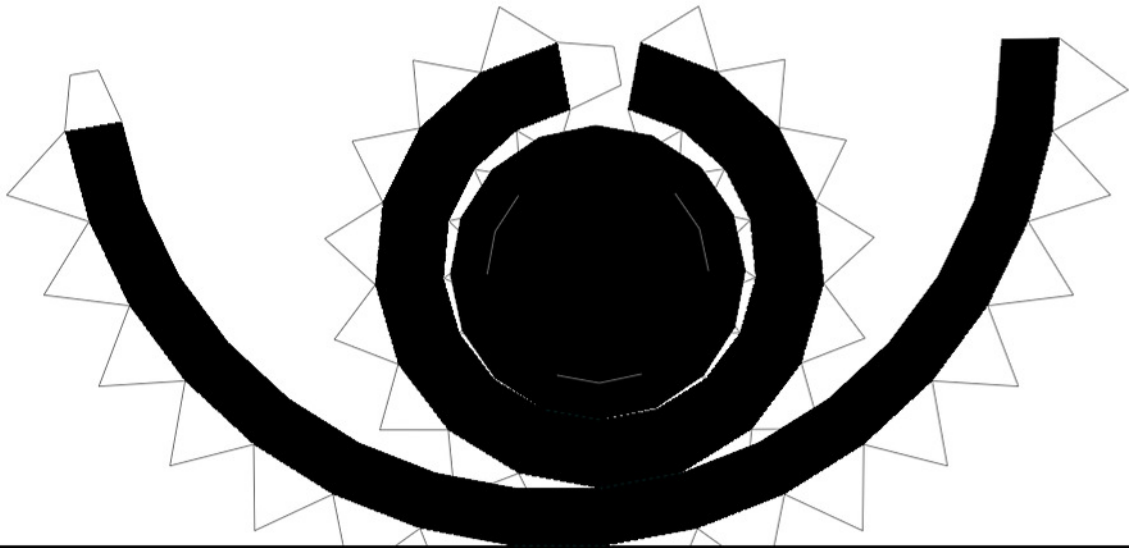

PAPERCRAFT LEGO GHOST

In 1990, LEGO released two new CASTLE sets that included a new, special minifigure: the Ghost.

The neat thing was (besides it being a ghost ;o) that the shroud would glow in the dark after you charged it under a bright light!

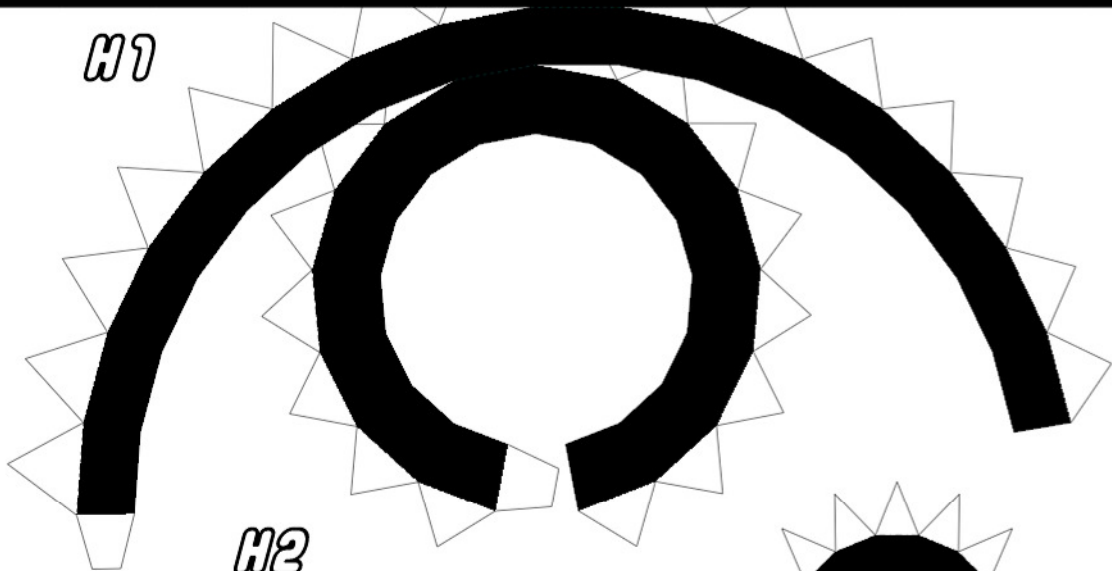

Perfect for scaring unexpected Knights or Forestmen!

The original version had a 1x2 plate and brick making it appear to be floating, but later versions also had regular minifig legs.

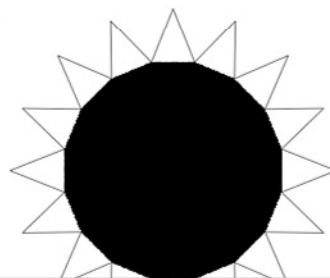

H1

using thicker paper
(160-200 gsm) is
really recommended
because of the wear
and tear of the joints!
