Base

GENERAL INSTRUCTIONS:

1. Print the template on cardstock.
2. Cut on the solid lines.
3. Make a mountain fold on the dashed lines. Before folding, trace lightly along the folds with a ruler and an empty pen or dull exacto type knife for cleaner, more angular folds.
4. Glue sparingly at the white flaps.
5. Assemble as indicated by the letters.
6. Gluing the sphere to the base is optional.

SPECIAL INSTRUCTIONS:

1. Assemble the sphere first.
2. Glue the two vertical bands to the top half of the sphere at right angles to one another. The bands will overlap at the top and their flaps should extend just past the horizontal seam in the sphere.
3. Glue the four parts of the horizontal band together to form a single band. Glue the completed band over the horizontal seam on the sphere covering the flaps of the vertical bands. The horizontal band may overlap itself at letter "D".
4. Glue the "Holy Pin" at the intersection of the vertical bands as indicated by the letter "F".
