China Southern Airlines Company Limited is an airline headquartered in Baiyun District, Guangzhou, Guangdong Province. Established on 1 July 1988 following the restructuring of the CAAC Airlines that acquired and merged a number of domestic airlines, the airline became one of China's "Big Three" airlines (alongside Air China and China Eastern Airlines), the world's seventh-largest airline measured by passengers carried and Asia's largest airline in fleet size, revenue, and passengers carried. With its main hubs at Guangzhou Baiyun International Airport and Beijing Capital International Airport, the airline operates more than 2,000 flights to more than 200 destinations daily and was a member of SkyTeam until 1 January 2019. The airline started a frequent flyer program partnership with American Airlines in March 2019. The logo of the airline consists of a kapok flower (which is also the city flower of Guangzhou) on a blue tail fin. The company slogan is Fly towards your dreams (Chinese: 飞向您的梦想).

The Boeing 737 MAX is the fourth generation of the Boeing 737, a narrow-body airliner manufactured by Boeing Commercial Airplanes (BCA), a division of American company Boeing. It succeeds the Boeing 737 Next Generation (NG) and competes with the Airbus A320neo family. The 737 MAX is based on earlier 737 designs, with more efficient CFM International LEAP-1B engines, aerodynamic changes, including its distinctive split-tip winglets, and airframe modifications. The new series was announced on August 30, 2011. It took its maiden flight on January 29, 2016 and was certified by the U.S. Federal Aviation Administration (FAA) in March 2017. The first delivery was a MAX 8 in May 2017 to Malindo Air, with whom it commenced service on May 22, 2017.

Scale: 1:100
Length: (395mm)
Width: (358mm)
Parts: 300 (12 pages)

Attach the parts in order.
A1 - I6
You can choose to make either a grouded style (With Wheels) or an in-flight style (without wheels) aircraft.

*This model is designed for papercraft and is different in several ways from the real plane
*Build the model by carefully reading the Assembly Instructions.
*The final size of the model may vary slightly depending on the configuration of your printer
