

Cassiopeia Rattlesnake skin

Papercraft Designer: Ghizmo7 on DeviantArt.com
Original Cassiopeia Rattlesnake Design is taken from : League of Legends (Riot games).
This Papercraft is free.
If you have paid for it, you have been tricked.
Pieces which are not on the papers are not needed!
If you want to build it and upload pictures to deviantart, I would like if you could put a link to my profile in the description so others can find it too.
Something like "Get the build plan here"

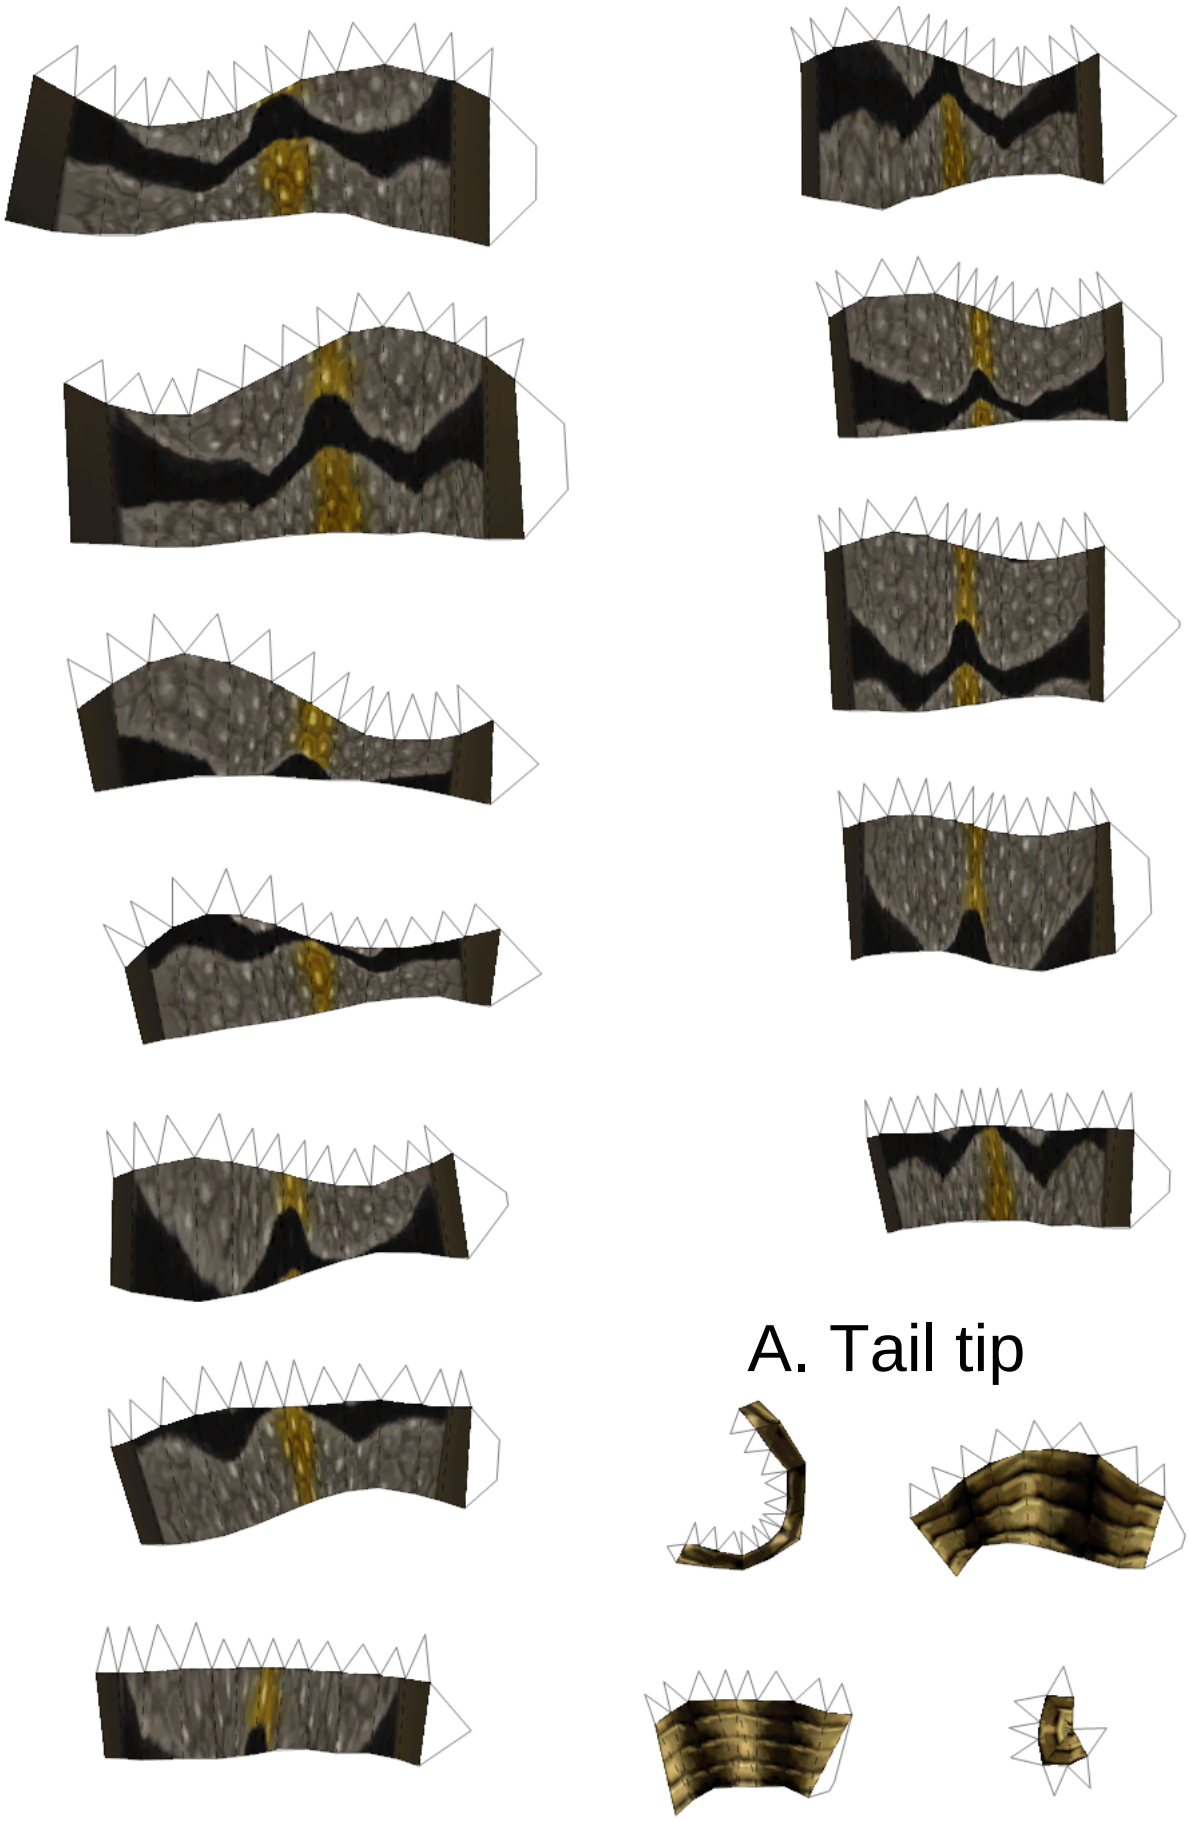

B. Tail (from skirt to tail tip)

3/12 (row1 col3)

A. Tail tip

C. skirt (from tail to thorso)

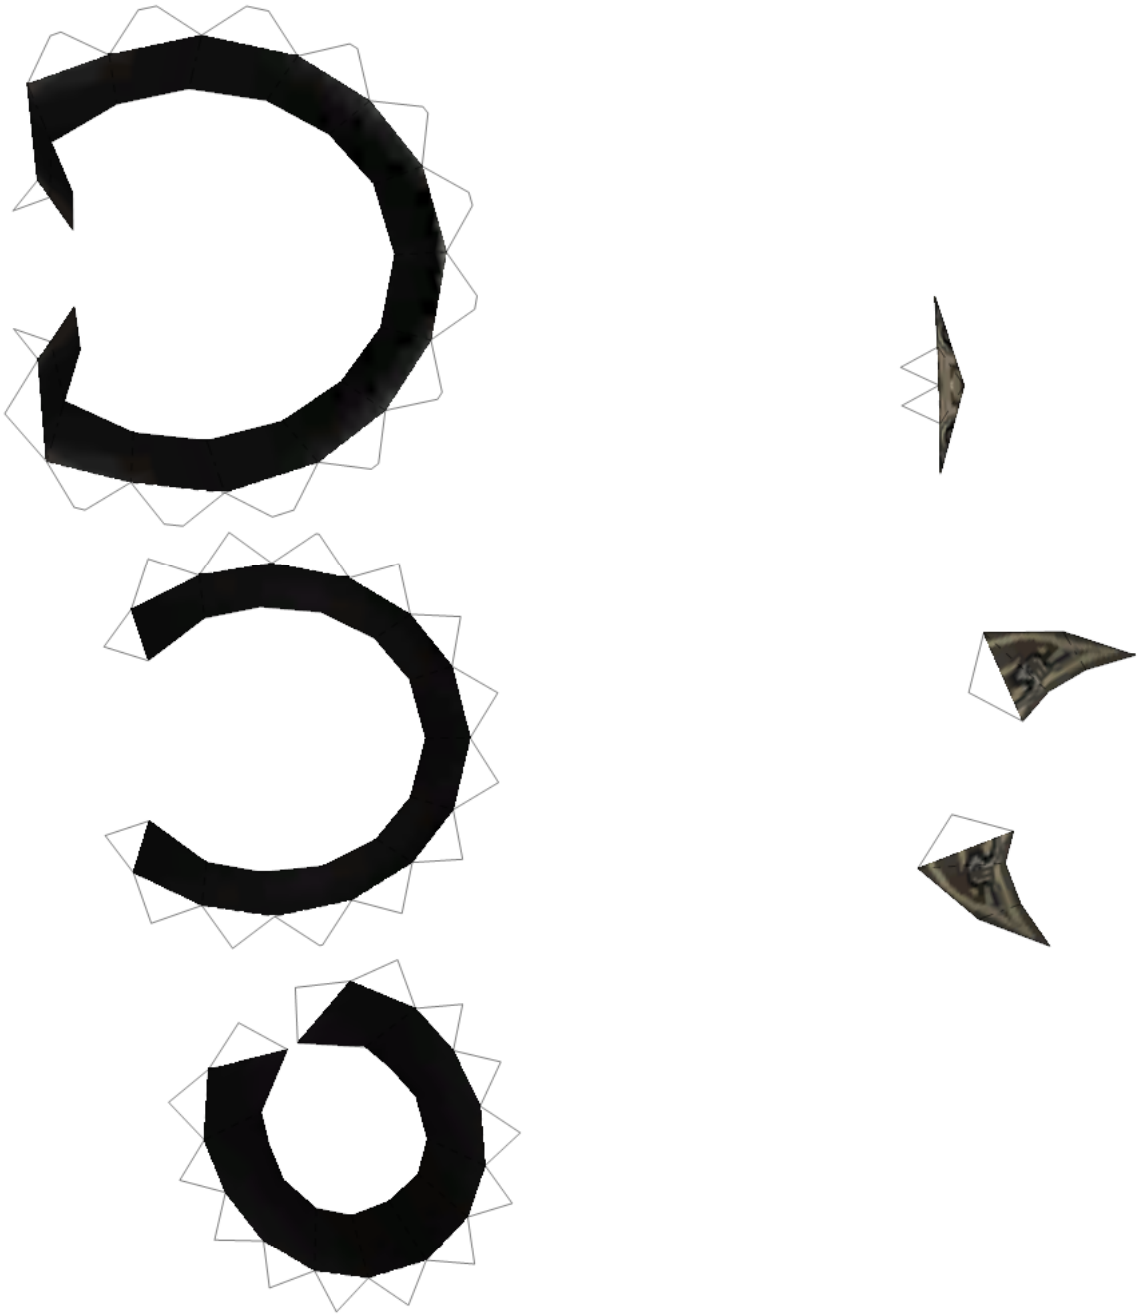

F. Head

G. hat

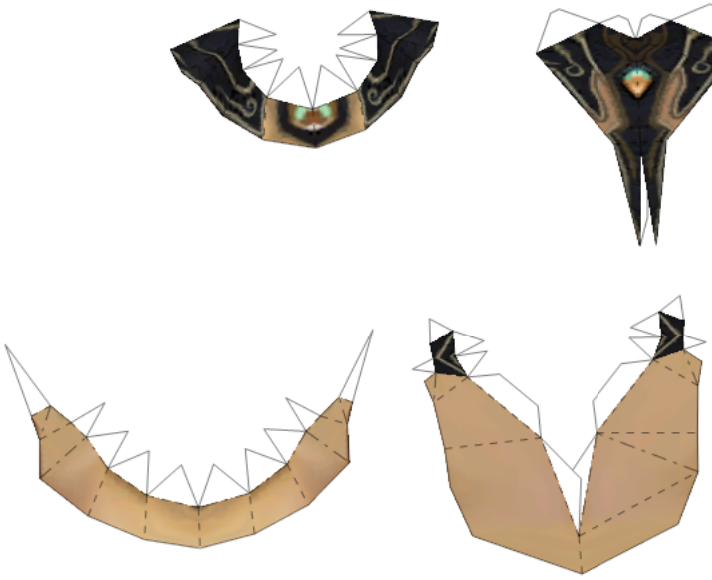

H. collar (optional)

*

Here are no flaps
You have to improvise some on this edge

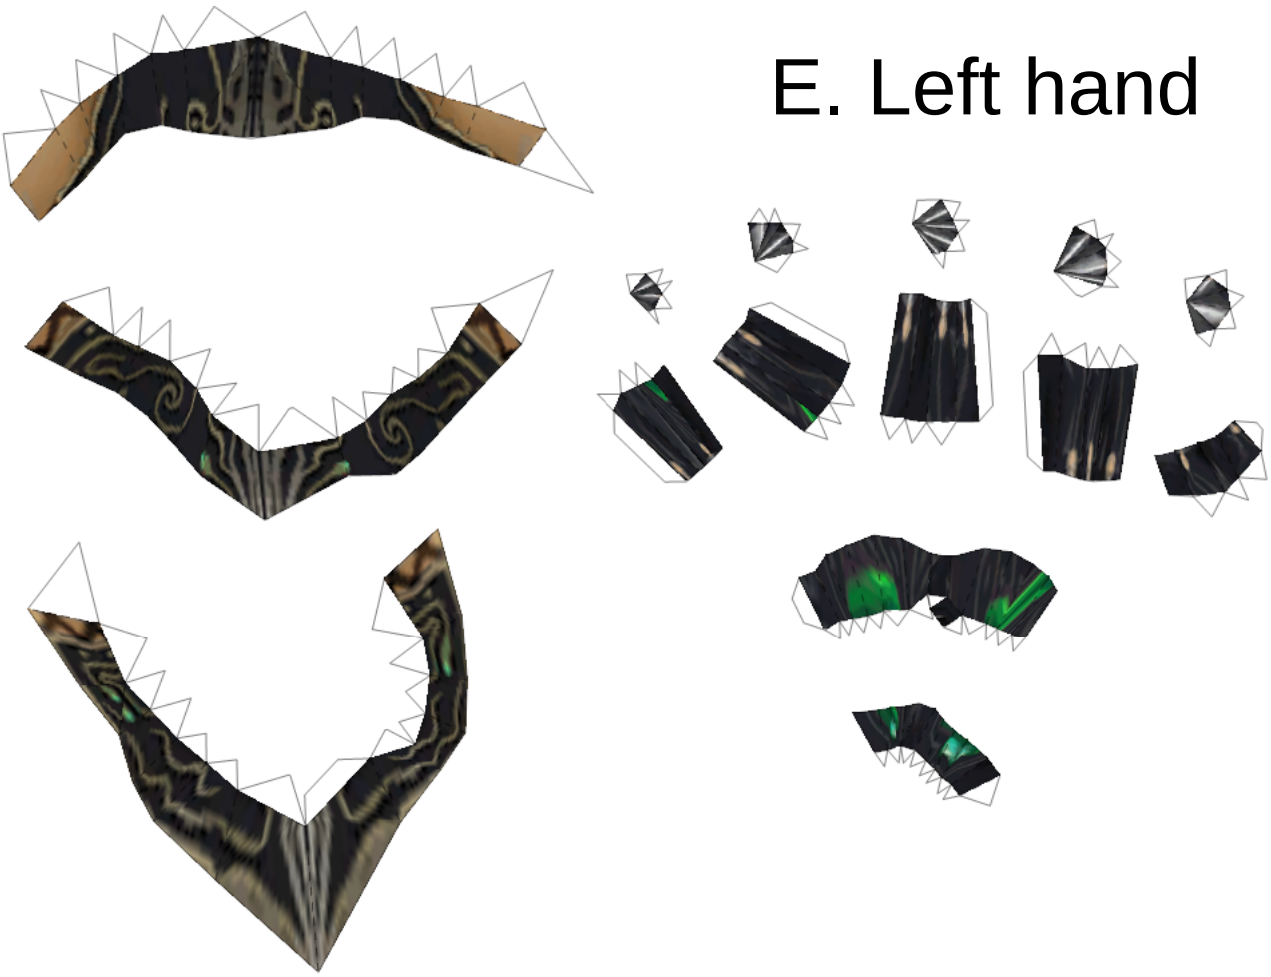

D. Thorso (from neck to skirt)

* Its from ’nearly impossible’ to ’impossible’ to build it like it was meant to be.
You will have to improvise here.
