Preliminary - Tools to consider

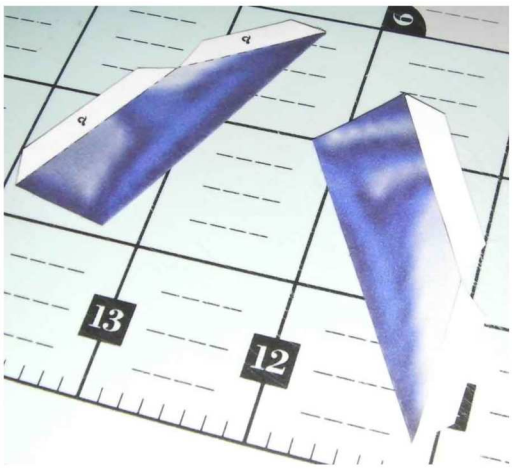

For twenty years old, that's a lot of grey hair...

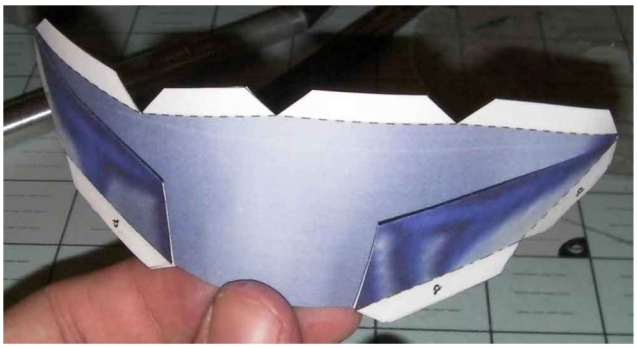

Construct part 1, attach parts 2-7

Fold over parts 9 and 10 to make double sided wings.

Glue the "a" labeled tabs of parts 9 and 10 to the "b" labeled tabs of part 8, then attach to the leg.

Then attach parts 11 and 12

Fold over part 13, them trim the excess and attach to the foot.

Attach parts 14-16, then fold over part 17 and trim the excess and fringe

Attach the "a" labeled tabs of part 17 over the "b" labeled tabs of parts 15 and 16

Attach parts 18-20

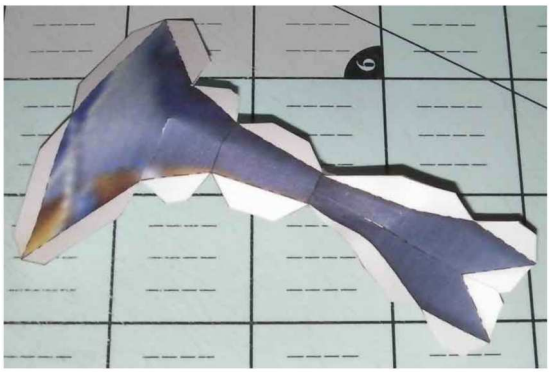

Construct parts 21-23, then fold over and attach the "a" labeled tabs over the "b" labeled tabs.

Construct parts 25-47 in the same fashion

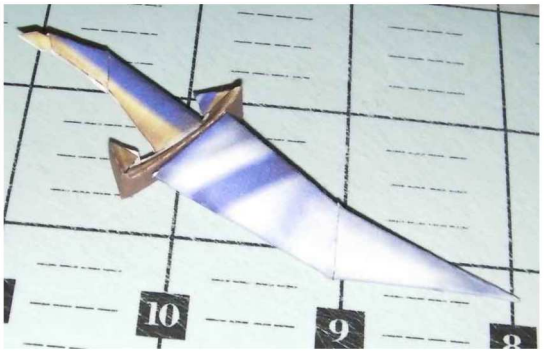

Construct parts 42-45 and attach to the legs

Construct parts 51-55

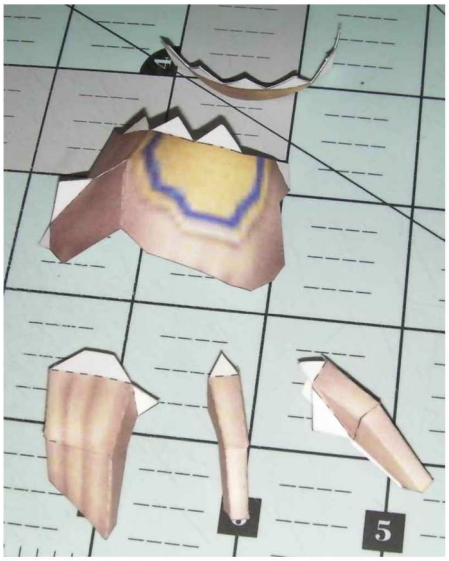

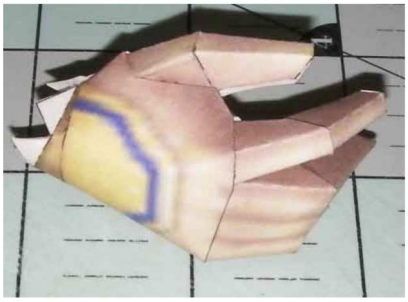

Construct parts 49-50

Attach parts 46-48 to the body, then attach the knife (parts 51-55) to the hip and the buckle (parts 49 and 50) to the waist

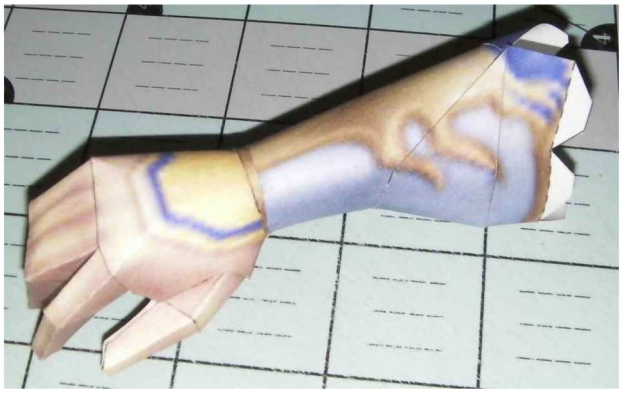

Attach parts 56-60

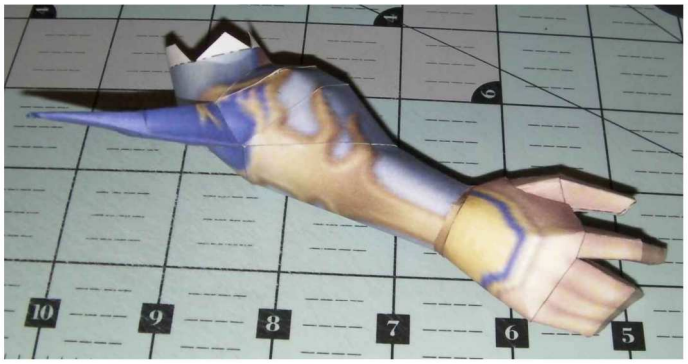

Construct parts 61-68

Attach parts 69-71

Attach parts 72-74

Attach parts 75-76

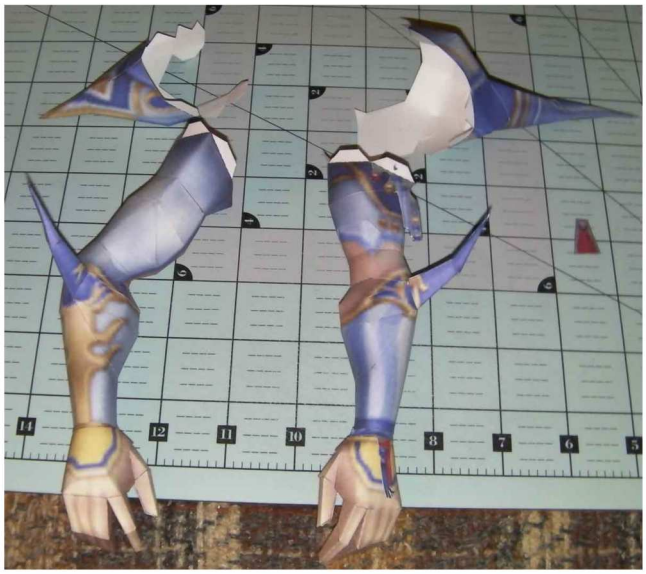

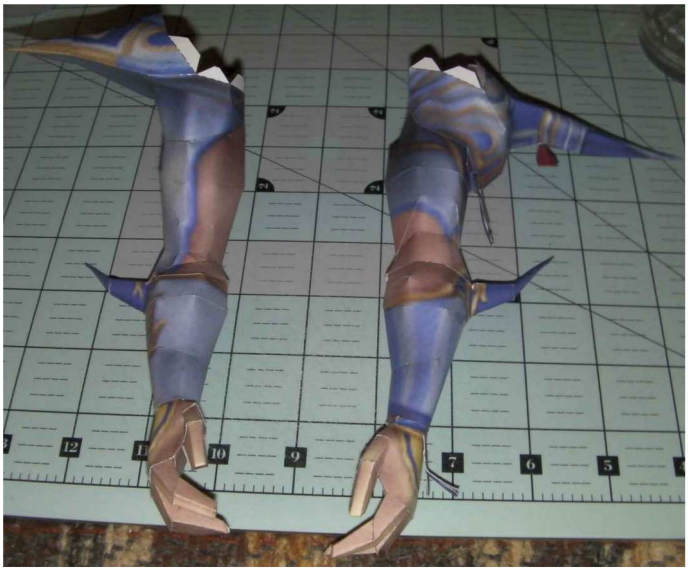

Construct parts 77-83, then attach part 84 to the appropriate tab

Attach parts 85-94, remembering to attach the "a" tab of part 94 over the "b" tab of part 93

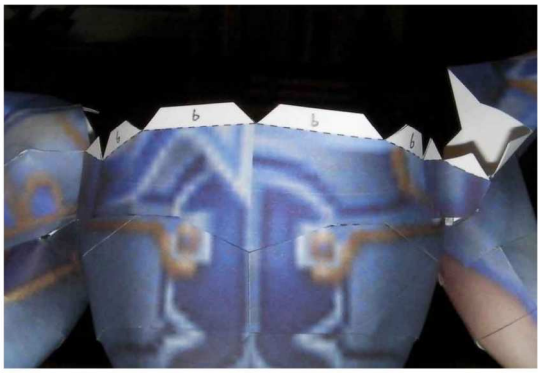

Construct parts 95-99 and 100-101

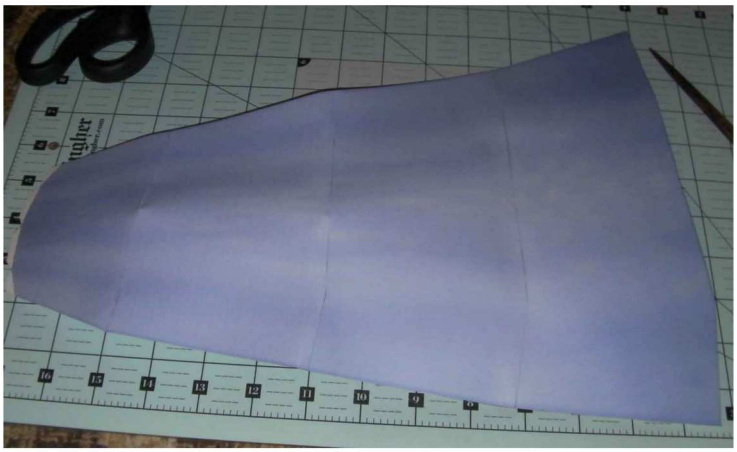

Attach to the arms

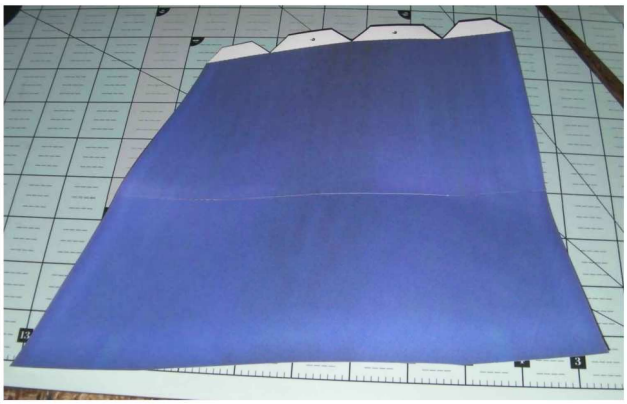

Attach the arms to the body, then attach part 102

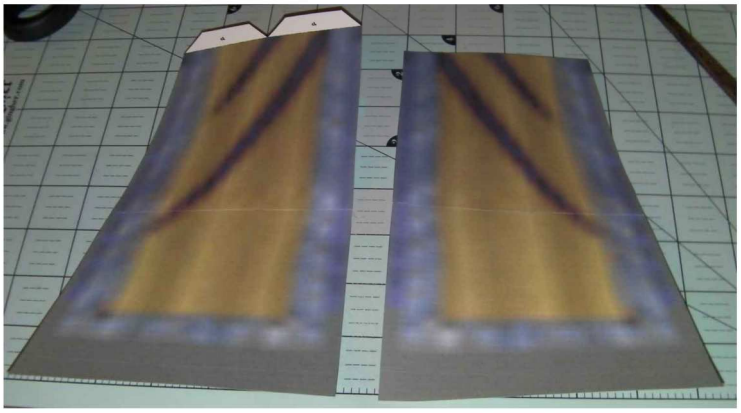

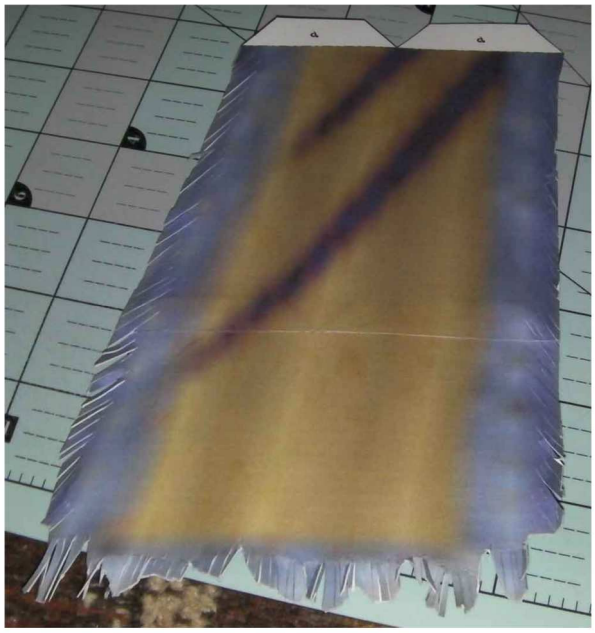

Construct parts 103-106

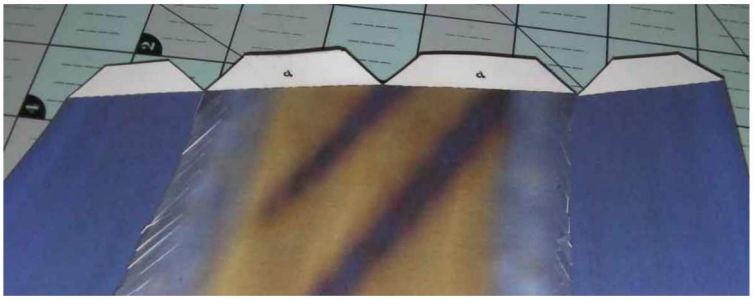

Construct parts 107-108

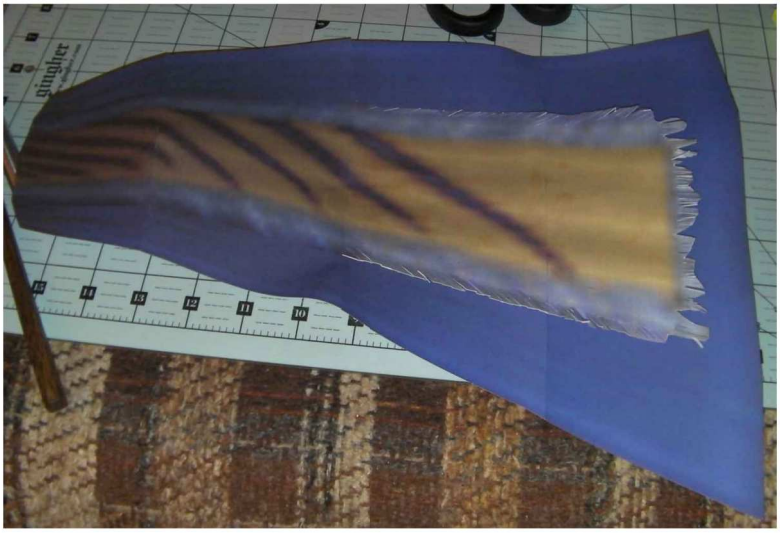

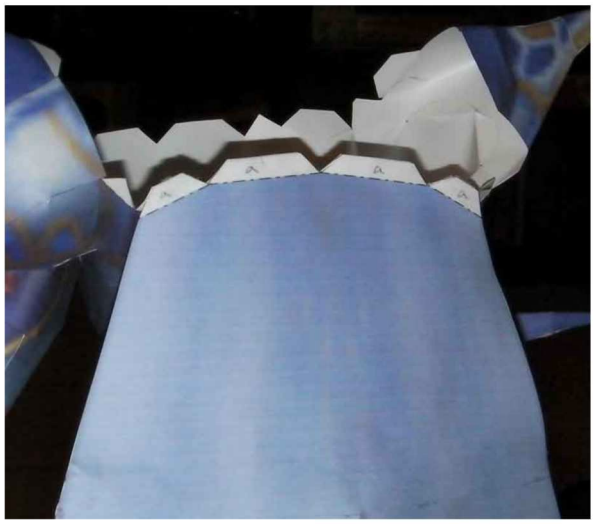

Construct parts 109-110 and 11-112, then combine, trim the excess, and cut fringe.

Attach the "a" labeled tabs of part110 to the "b" labeled tabs of part 108, then attach parts 113-114

Combine the front (parts 107-114) and back (parts 103-106) of the cape, then attach the "a" labaled tabs of part 106 to the "b" labeled tabs of part 102

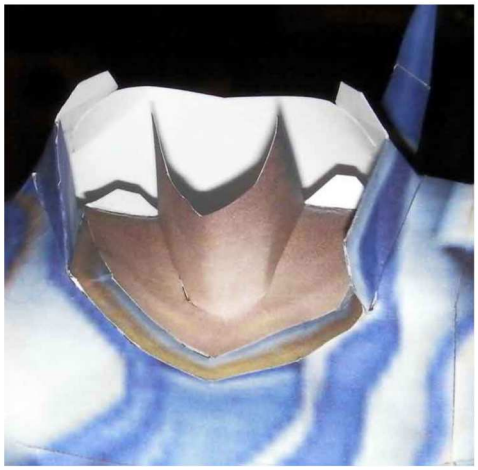

Attach part 115

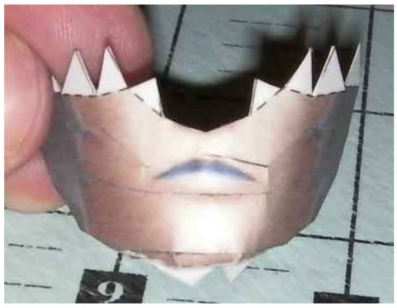

Attach parts 117-121

Attach parts 122 and 123, then attach parts 127-129

Construct parts 130-134

Attach parts 135-139

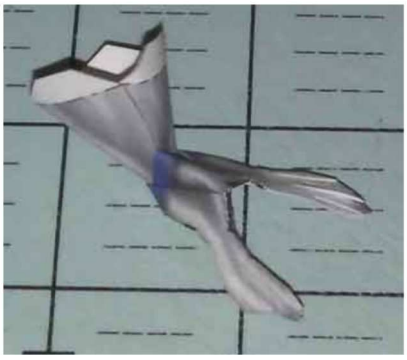

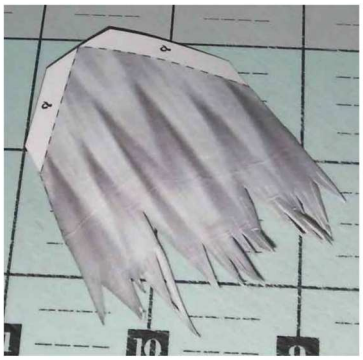

Attach parts 140-142, then attach to the face to the neck

Construct part 143, gluing the backs of the "o" labeled tabs together, then fold part 144 over the "o" tabs, then trim

Construct parts 146-147, repeating the "o" tabs process, then fold part 148 over the "o" tabs, and trim.

Fold over part 145 and trim

Attach the "a" tabs of part 145 over the "b" tabs of part 143

Construct part 149

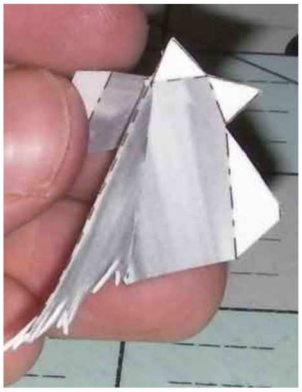

Combine parts 143-149

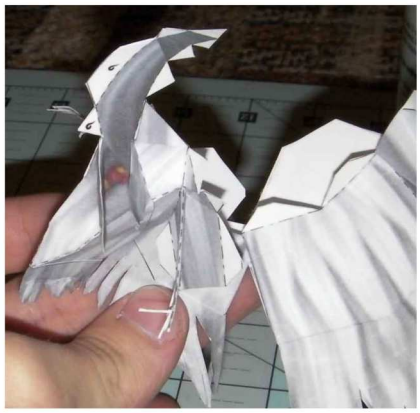

Attach part 151 and fold parts 152 and 153 over

Attach the "b" tab of part 154 and fold over

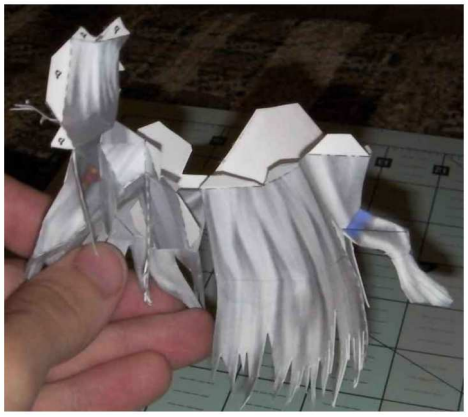

Construct parts 155-157

Attach parts 155-159

Attach the "a" tabs of part 160 over the "b" tabs of part 151

Attach parts 161-162

Attach parts 163 and 164

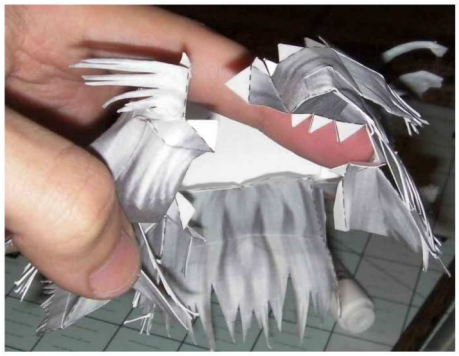

Attach parts 165 and 166

Attach parts 169-173

Attach parts 174-176

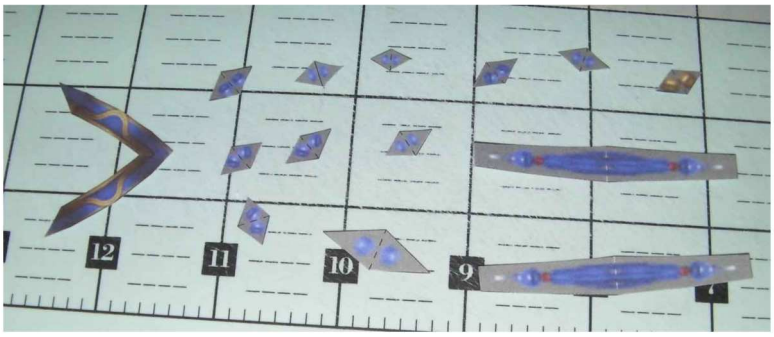

Attach parts 177-180

Attach the hair to the face

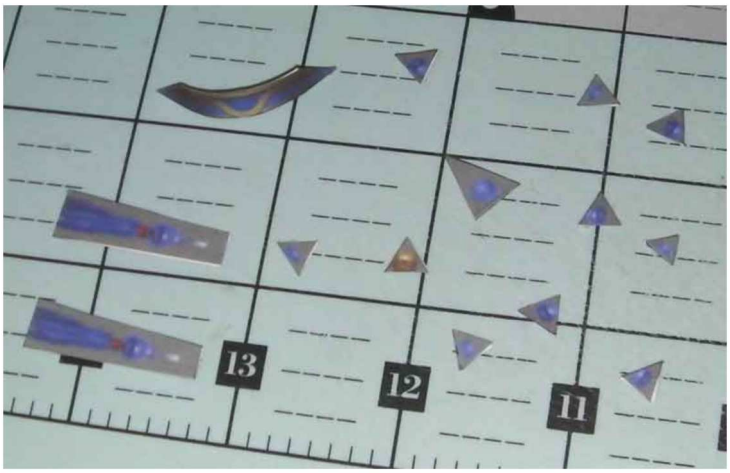

Attach parts 181-184

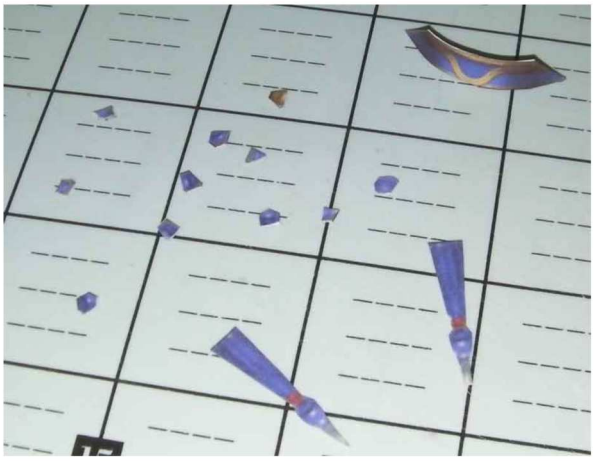

(cut)

Construct parts 185-198

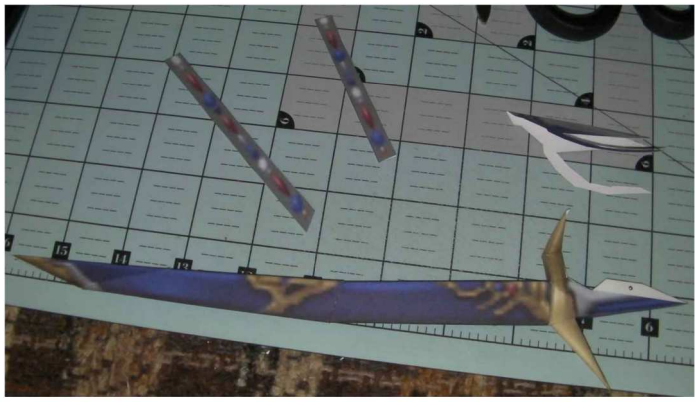

(fold)

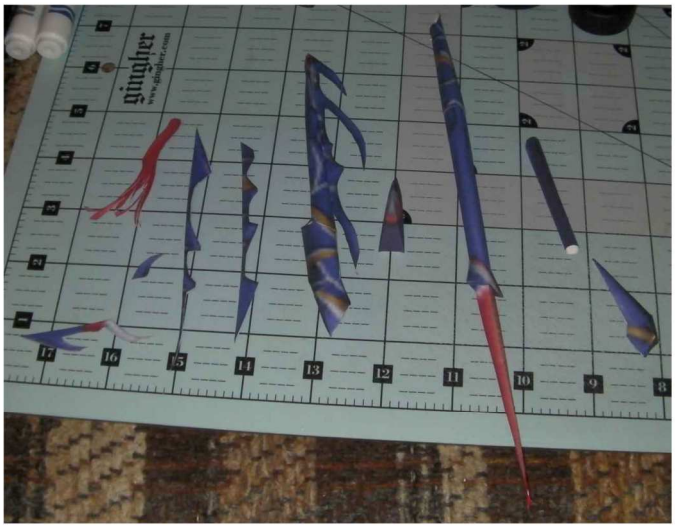

(trim)

Use the "check corresponding" faces tool in Pepakura to apply the various jewels about the head.

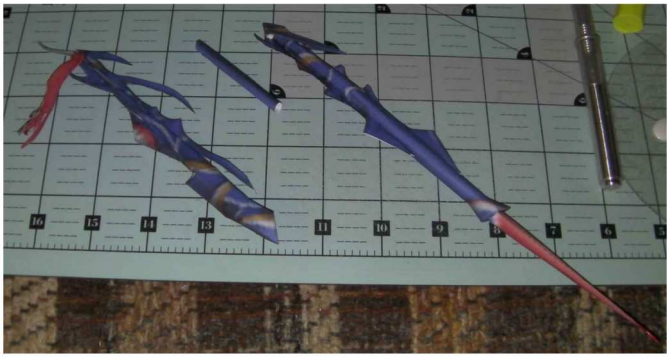

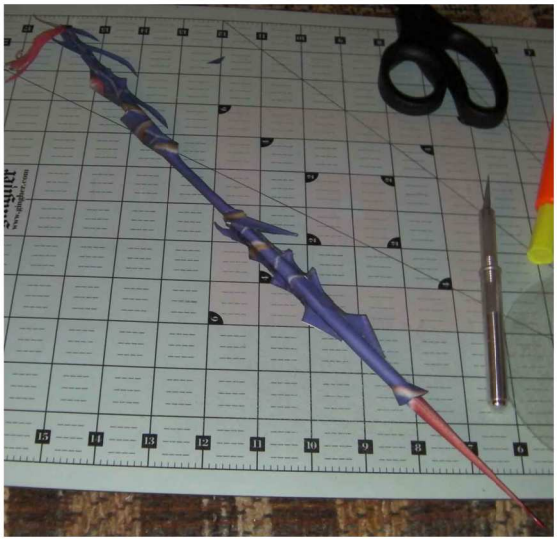

Construct parts 199-207

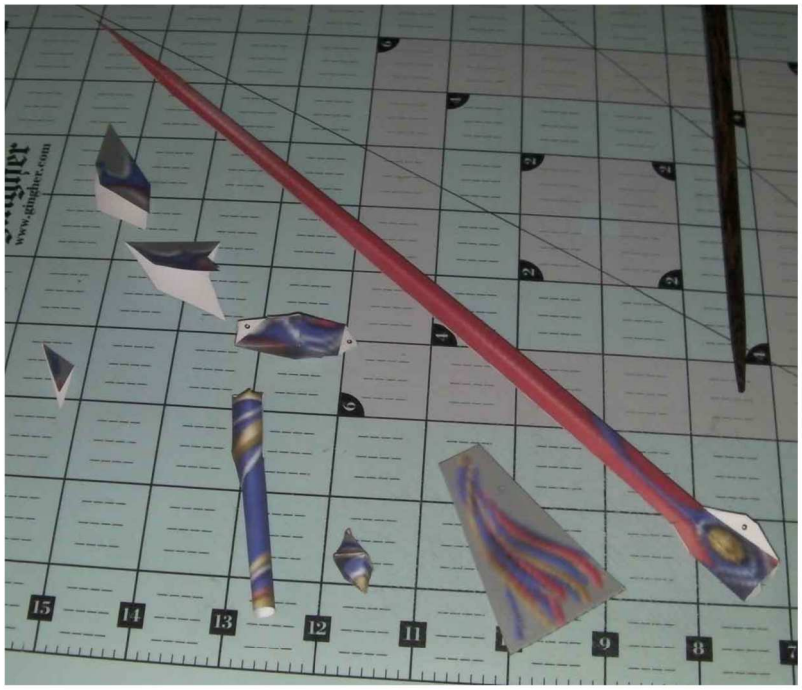

Construct parts 208-224

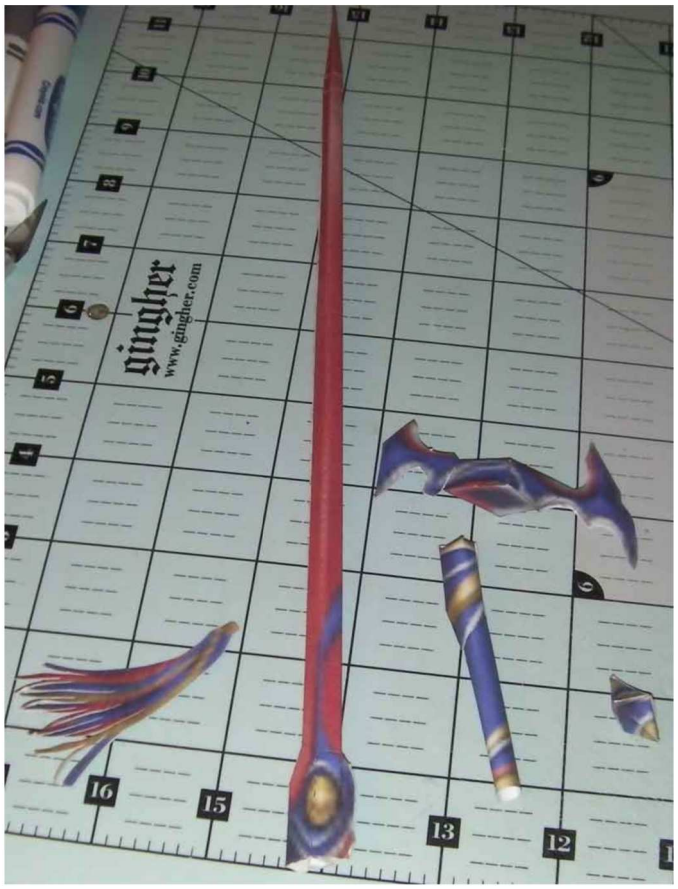

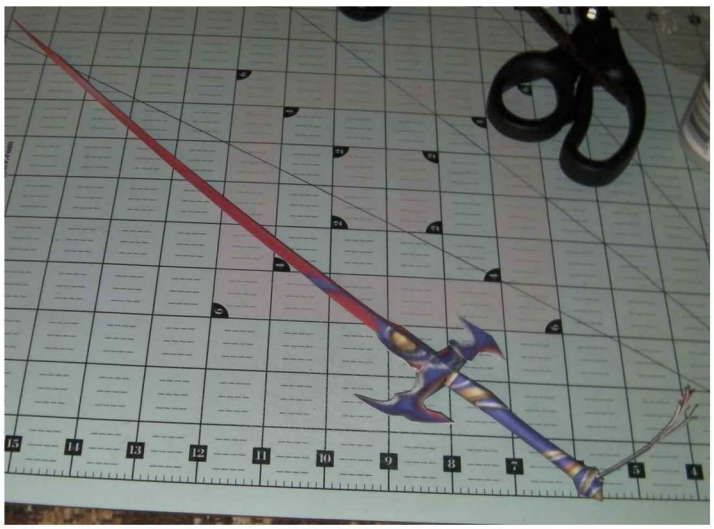

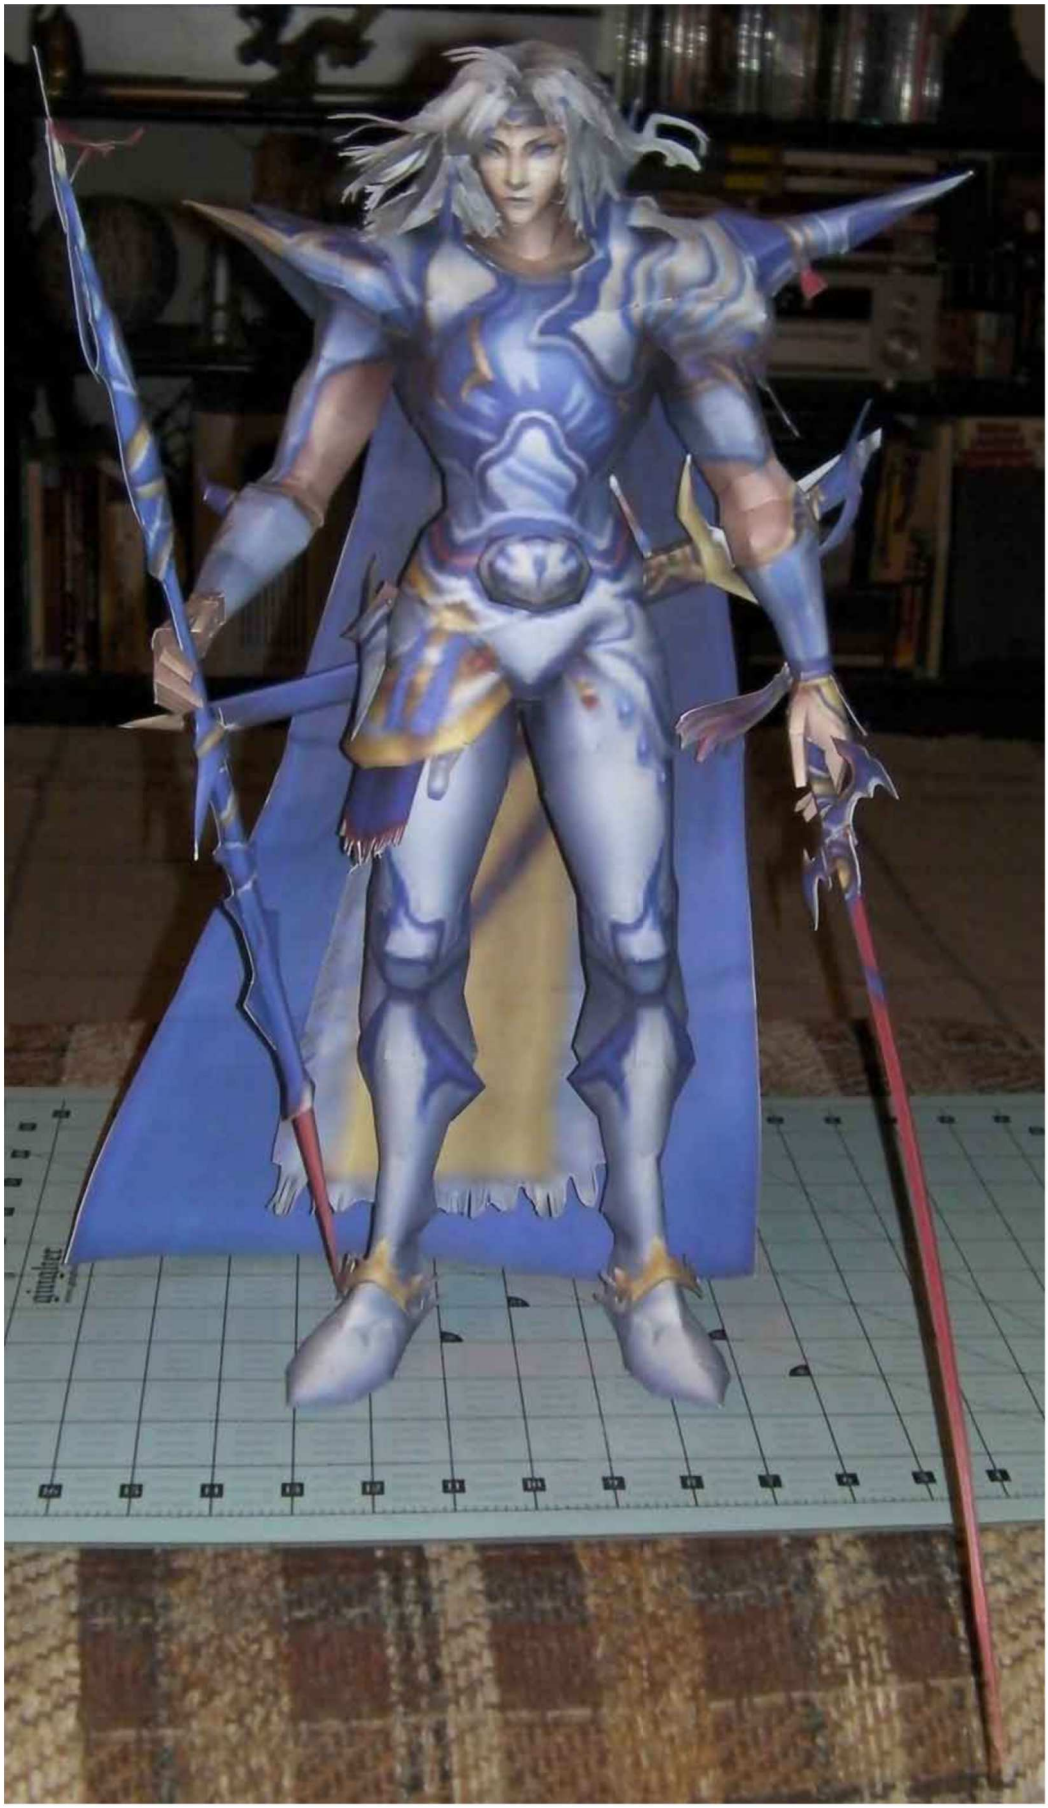

Construct parts 225-236

You know, I really preferred the MacBeth method, but if you wanna go dark to light, that's your business...

The moon?! That really came out of left field...
