Instructions

What you need:

- A4/US letter paper with a weight of 160-300 gsm;
- Printer or your local print shop (They have a choice of paper of different colors and weights);
- Scissors or stationery knife;
- Scoring tool (the dull side of a craft knife, dried out ball pen, etc.);
- Ruler;
- Quick drying white glue (PVA).

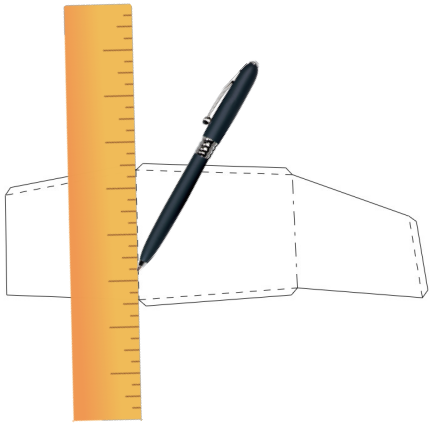

What you need to do:

1) Print the template, cut along the contour

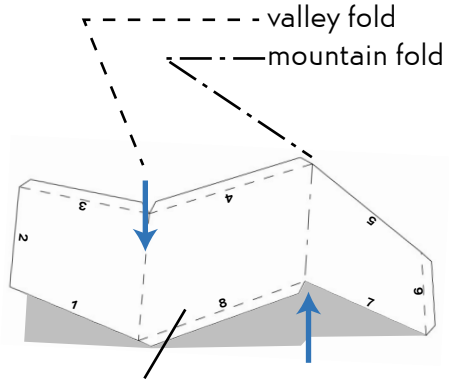

Color of the paper

2) Score along the fold lines to create a indentation

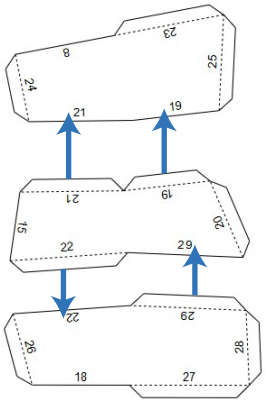

3) Fold

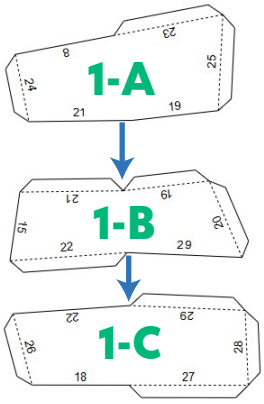

Printed side will remain inside the model

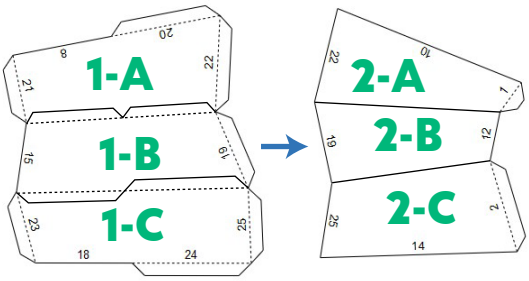

4) Find the matching numbers and glue them together

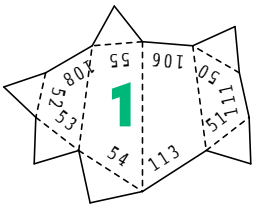

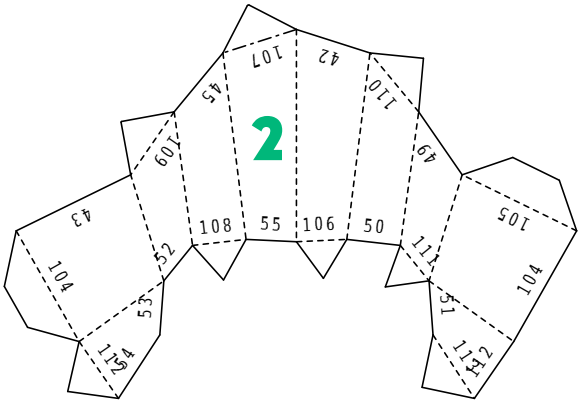

5) First, glue together parts (A, B,..) in sequence, with the same common number (**1A**+**1B**+**1C**, then **2A**+**2B**, etc.)

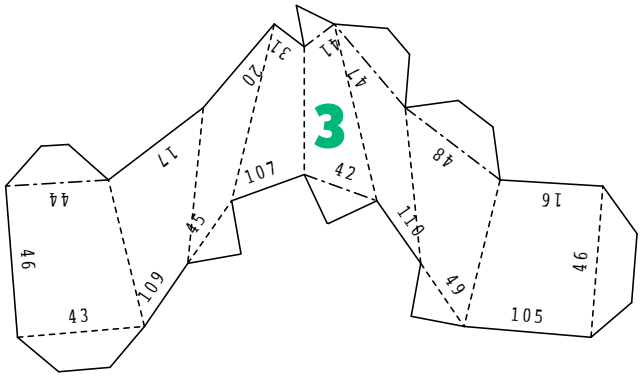

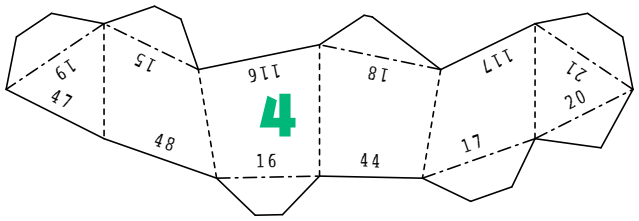

6) Then glue the row of parts to the following consecutive numbers (**1**+**2**+**3**, etc.)
