Hi, again.....here I´m with a new model.....FIRION
Let´s start.....this is easy, cut, fold and glue all together and it´s over, hahaha

First build parts 1-4 for the foot

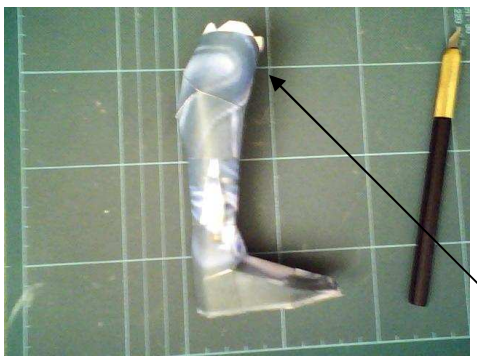

And attach pieces 5 and 6

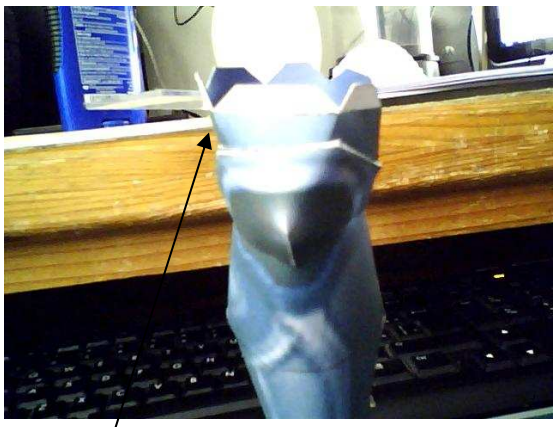

Fold part 7 and trim the excess,
then glue it to the foot in flap "a"

Cut and glue pieces 8,10 and attach on the foot

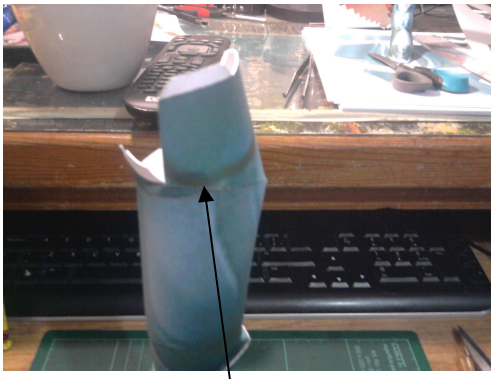

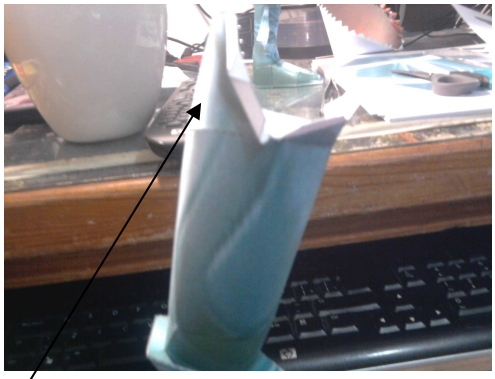

Glue pieces 11,12 (knee) and then attach piece 13

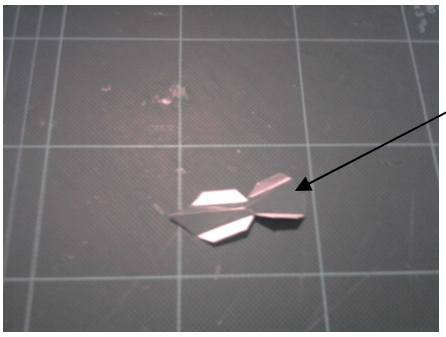

Do the same for pieces 14 to 26

Glue pieces 27, 29, 31 on the right leg

Pices 28,30,31 are form the left leg

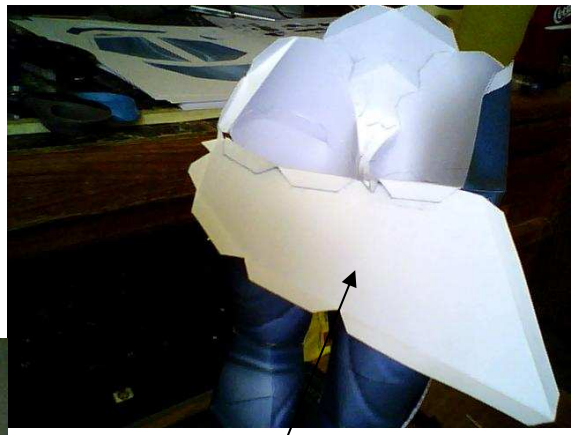

Attach pieces 33,34 and 35

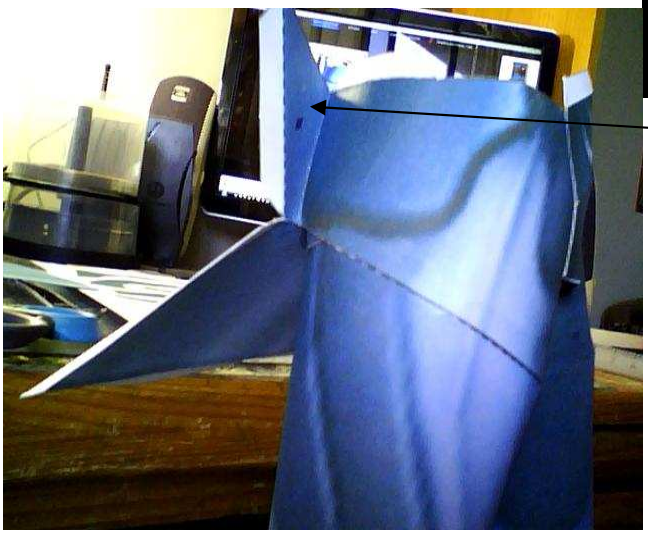

Glue the legs together

Attach 36 and 37

Attach pieces 38 and 40 on the "back side of the legs"

Glue piece 39

And attach 41 and 42. (trim the excess) and attach

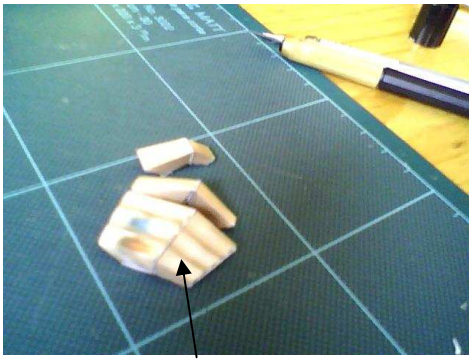

Glue parts 43 and 44, then glue 45 on the belt

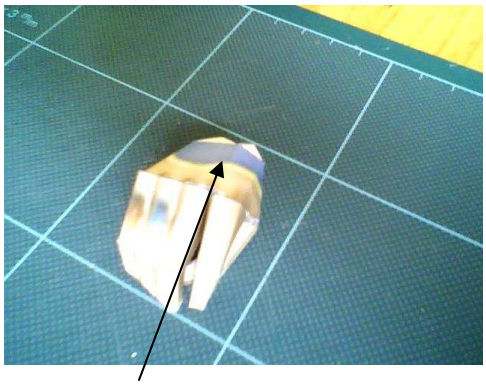

Build 46-49 and attach to the belt

Build 50-57 (fingers)

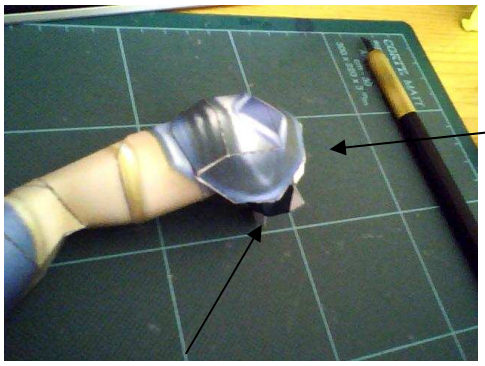

And attach to 58,59

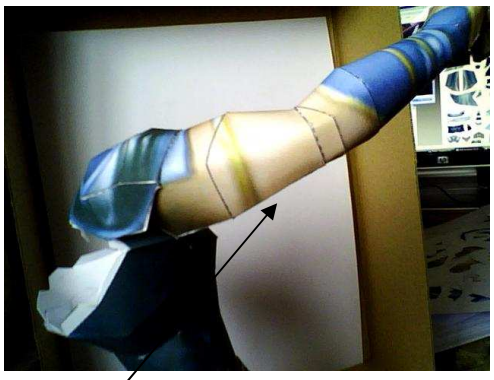

Build 60 to 65 and glue to the hand

Glue 66-68 and attach to the arm

Build 69 to 74 and attach to the shoulder (it´s difficult)

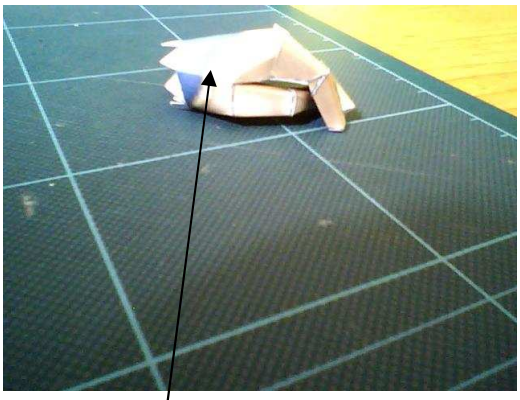

Attach the arm on the body

Glue part 75 and trim the excess

Build 76-83 (fingers)

Attach them to (84,85)

Glue pieces 86-94 to finish the arm

Now attach 95-100

On piece 101 (on the black dots) glue pieces 102-104. and trim the excess

Glue the back side, piece 105 and attach 106 and 107

Glue it to the arm and attach all to the body

Glue piece 108

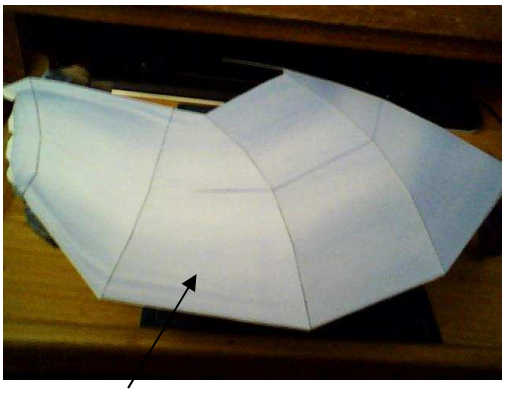

Attach 109, 110 and 128 in the back

Build 11-113

Glue it on the right shoulder

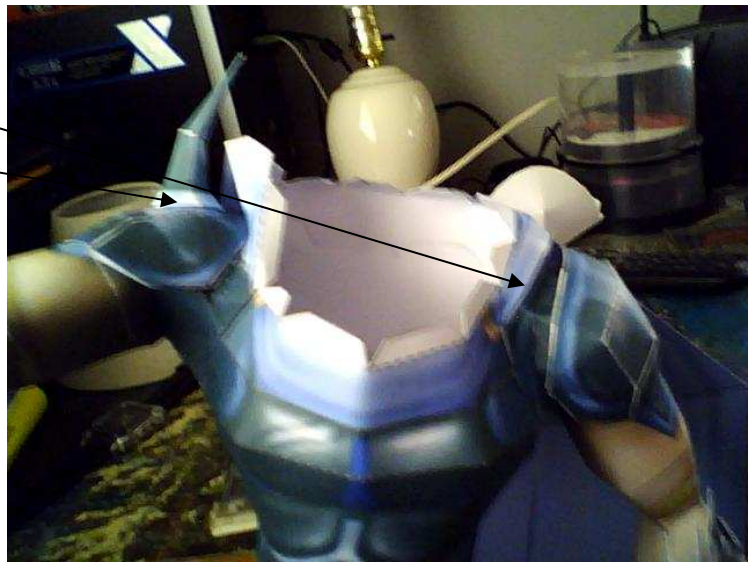

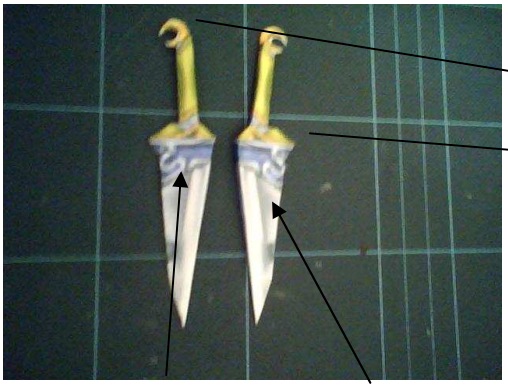

Build 114-125

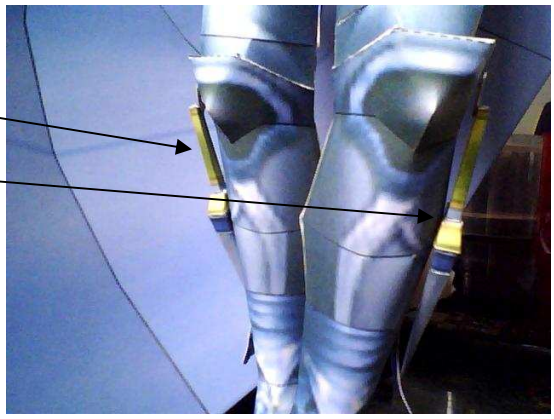

Attach to the body on the "b" flaps

Glue pieces 126/1 and 127/1

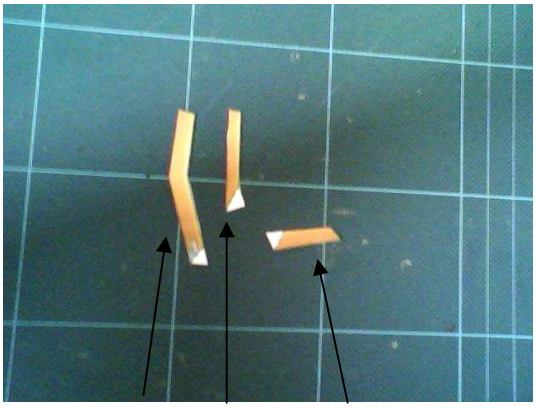

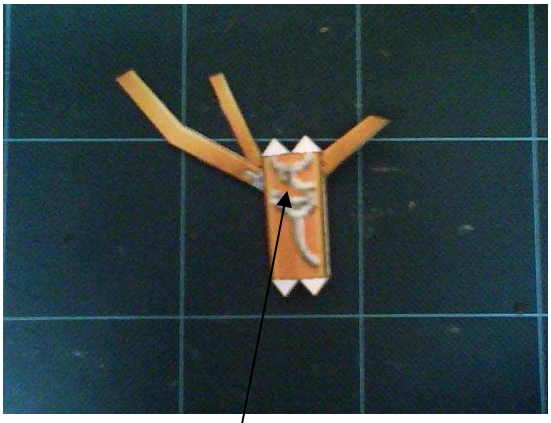

Build 126-130 and 131-135

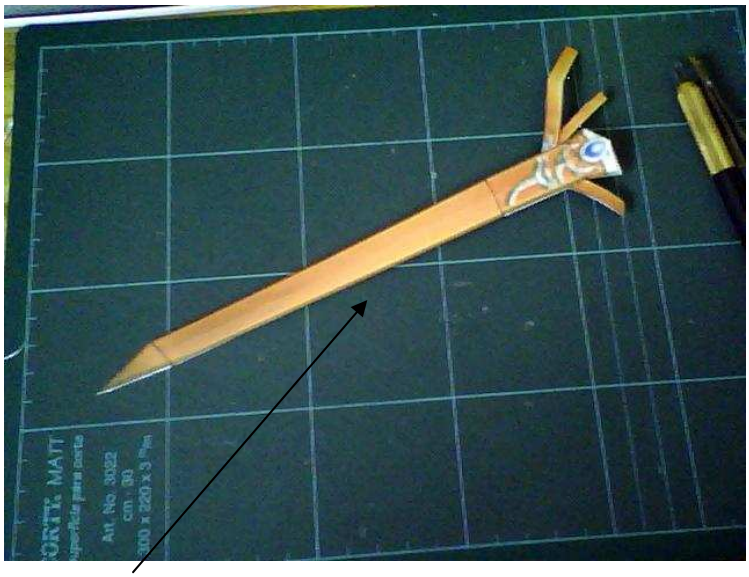

And attach them to the legs

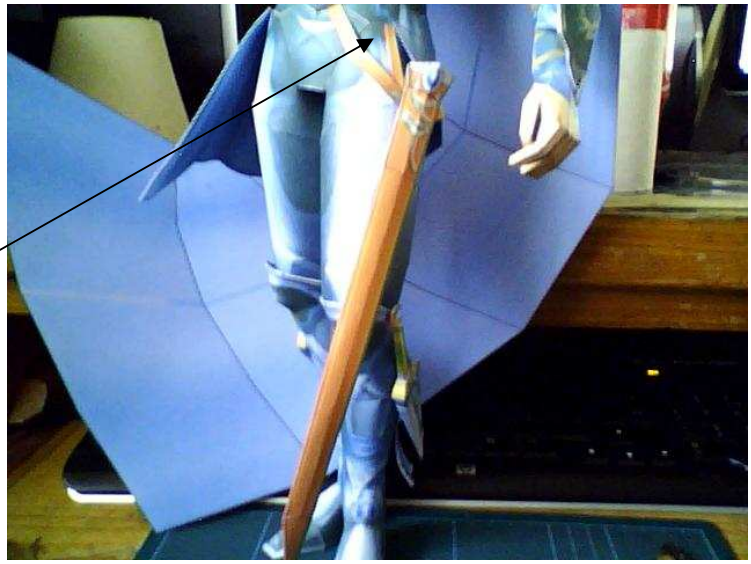

Build 136, 137 and 138

Attach them on 139 on the "c" flaps

Glue pieces 140-143

And attach all to the legs

Glue pieces 144 to 147

Now lets start with the most difficult part.... the head

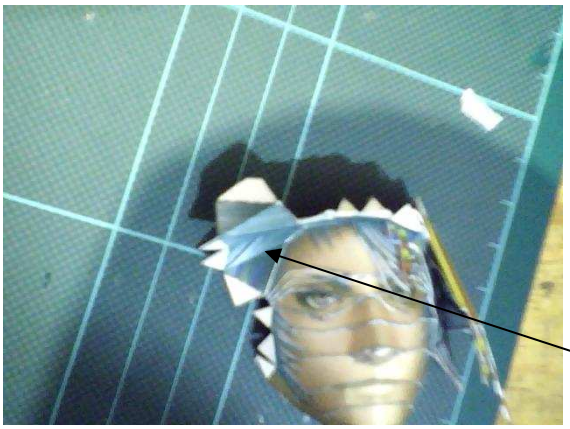

Assemble 169-183 to finish the face

Attach 184-188 to the face

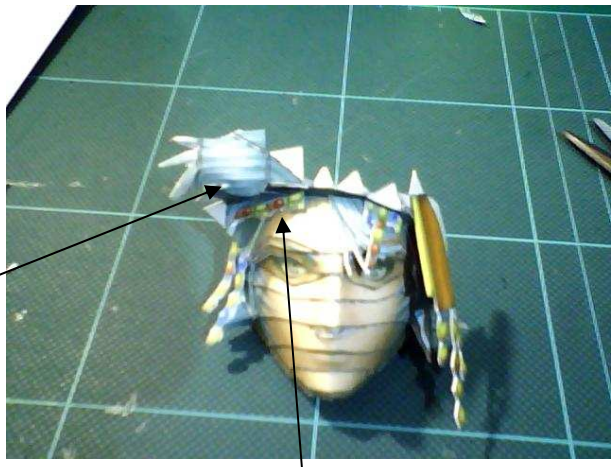

Glue pieces 189 yo 191, trim the excess and add them to the face

Attach 192 and 193
