Cutout - make a hole

Model : No. 0260/III/10

Po
Kung Fu Panda 2

This model was a paper craft template bonus inside Kiddo Magazine. I design this template as commissioned by Kiddo Magz. This template is quite simple, only 2 pages. At first I doubt this Po model will looks good because I only had 2 pages to fill, and because the curvy shape of that panda, but it turned out good in the end result. I'm quite happy about it. The reason I share this because I found this template was shared in the net, and because the template is without any mark, so I release this. If you found that template please delete it and replace it with this file.
