WHILE THE US GOVERNMENT ISN'T QUITE NORSEFIRE, WE'RE STILL UNDER SURVEILLANCE

Despite Edward Snowden's whistleblowing of the NSA's PRISM program, US Government interference with the internet is nothing new - remember SOPA and PIPA? Snowden revealed that the NSA had ordered phone company Verizon to hand over all "telephony metadata" from the United States and abroad. It has also been revealed that the NSA have an active program called PRISM. PRISM gives the NSA the ability to gain access to search-histories, file transfers, as well as chat and email logs, and among other things, "special requests."

While this does not mean that every one of us is at risk of being accused of terrorism, and this is nothing like the Reichstag Fire Decree, our privacy is at stake. PRISM and other possible acts undertaken by the US Government are against the very constitution this country is said to have been founded upon.

THE FOURTH AMENDMENT IS MEANT TO PROTECT US FROM UNWARRANTED SEARCH AND SEIZURE OF EVIDENCE WITHOUT PROBABLE CAUSE. WHAT THE GOVERNMENT IS DOING IS UNCONSTITUTIONAL. STAND UP FOR YOUR CONSTITUTIONAL RIGHTS. IF YOU ARE A US CITIZEN, YOU CAN CONTACT YOUR LOCAL CONGRESSMAN TO DEMAND A FULL INVESTIGATION INTO NSA SPYING AND TO PROTECT YOUR PRIVACY. DIAL 1-800-STOP-323-NSA FOR MORE INFO.
