War Rig Part 1

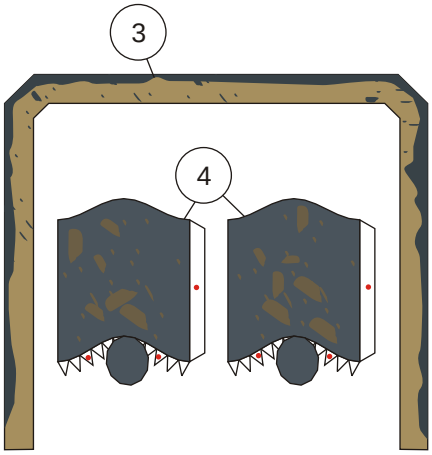

Scale 1 : 25 - Mad Max 2015

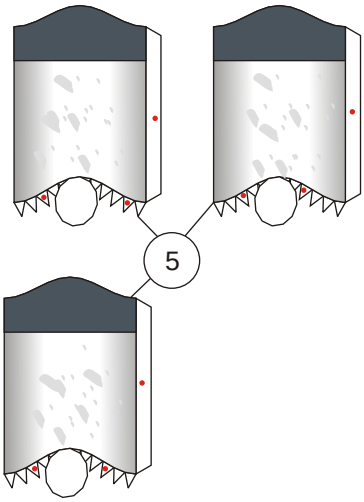

This model is requested by one of Paper Replika Friends on Facebook page. This semi truck trailer is from the movie Mad Max : Fury Road (2015), it is called The War Rig. The War Rig is based on a Tatra T815 8x8 truck chassis. For the movie they made 3 sets of trailer with tanker on the set. I choose 1:25 scale because I think it's not too big nor too small, and because of the complexity of the model I divide the templates into 2 parts, the truck head and the tanker. The template consist of 13 pages and use two type of paper, ordinary 100-160 gram plain paper and 2 mm thick cardboard or hardboard. I choose mainly blueish tone for the truck body because actually I don't like making model with all greyish or all black color, because it often turns into greenish tone when printed. I also keep the dirt texture minimal.
