WH33L M4N

GENETICALLY ALTERED MOTORS

Boss Head Edition

Sinner
http://sinner-playingwithart.blogspot.com/

Your finished Model should look like this.

Fit this face to the edge piece 1st.

Front Wheel Face

Top

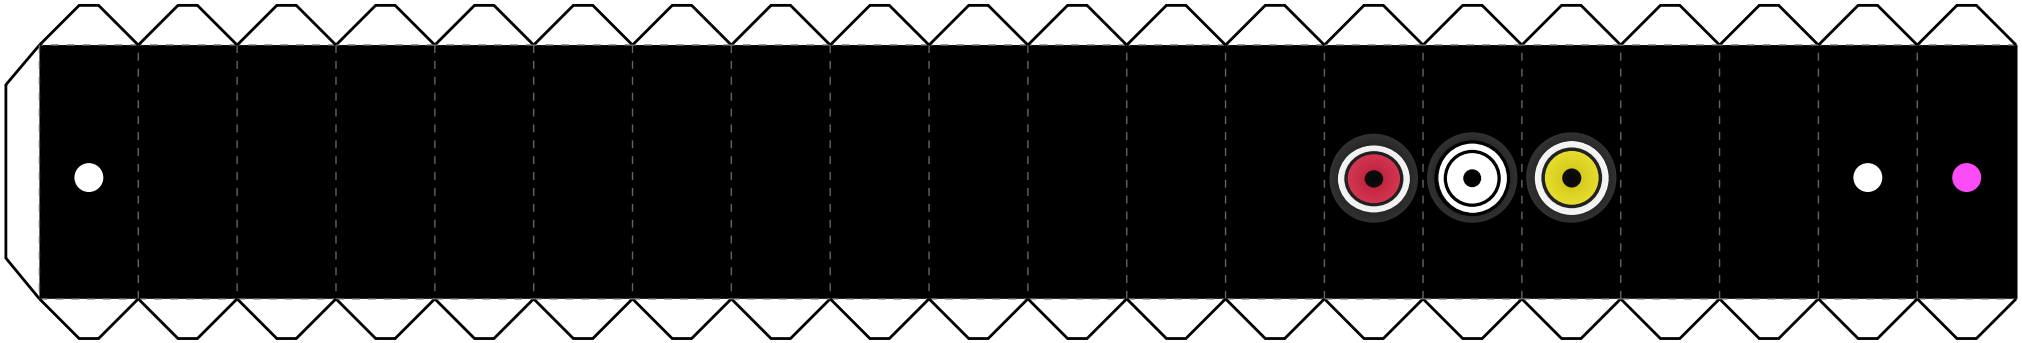

Rear Wheel Face

This Way Up

Cut out the Wheelman Number Plate Logo, and this section also. Glue this panel to the back of the Logo, & fold the lower panel to create a name stand for your finished toy.

Tyre Track Face Edge

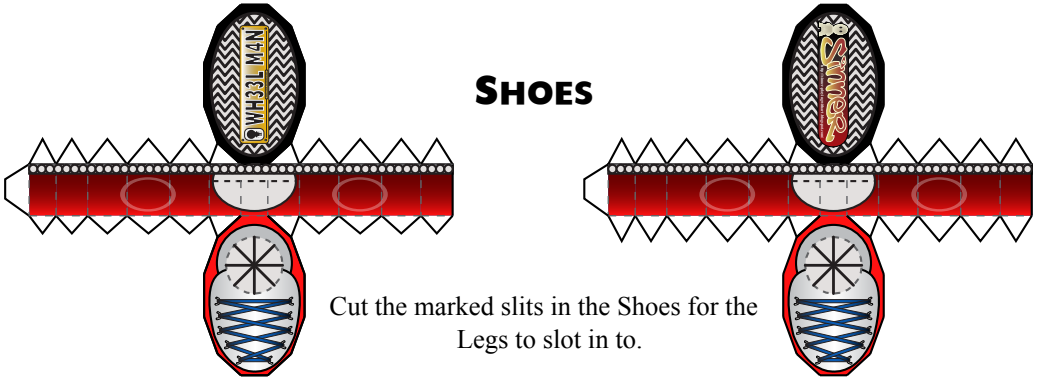

● Line up this tab to the marked point.

For a more rounded wheel, try building it without scoring. Except for the 3 panels that fit to the Body.

WH33L M4N

GENETICALLY ALTERED MOTORS

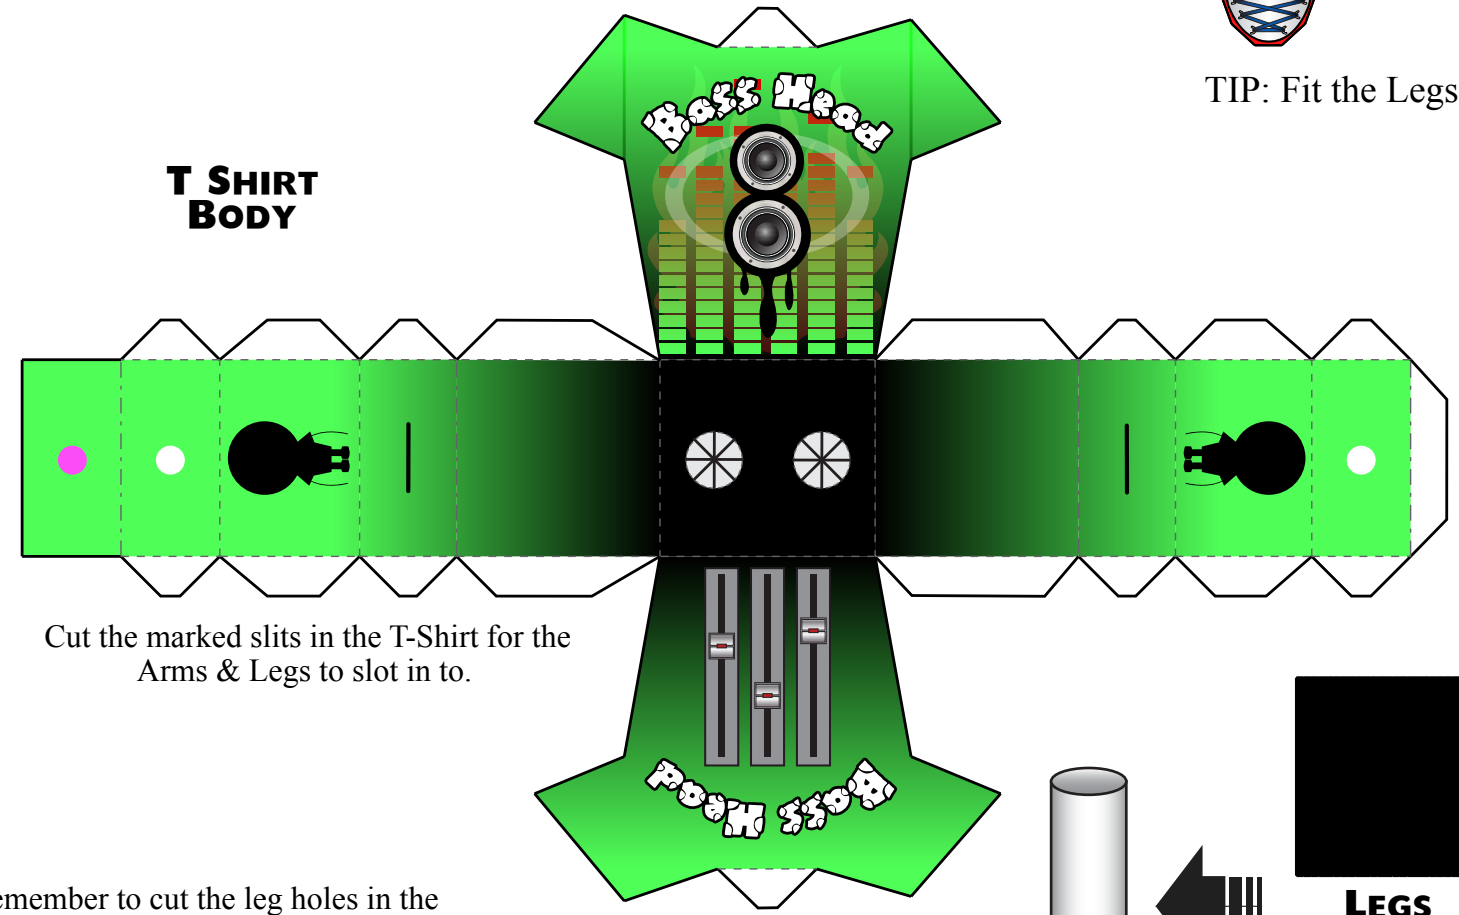

Shoes

Cut the marked slits in the Shoes for the Legs to slot in to.

TIP: Fit the Legs in to the Shoes, before the Body.

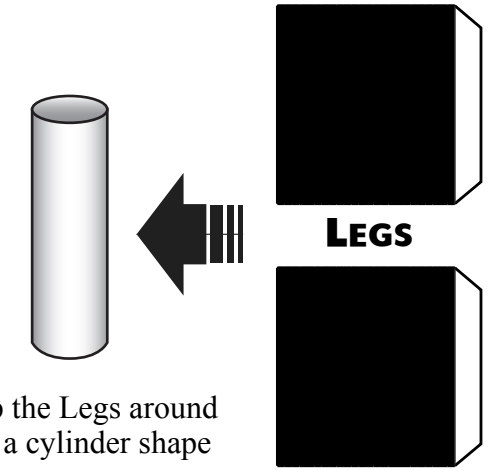

T Shirt Body

Cut the marked slits in the T-Shirt for the Arms & Legs to slot in to.

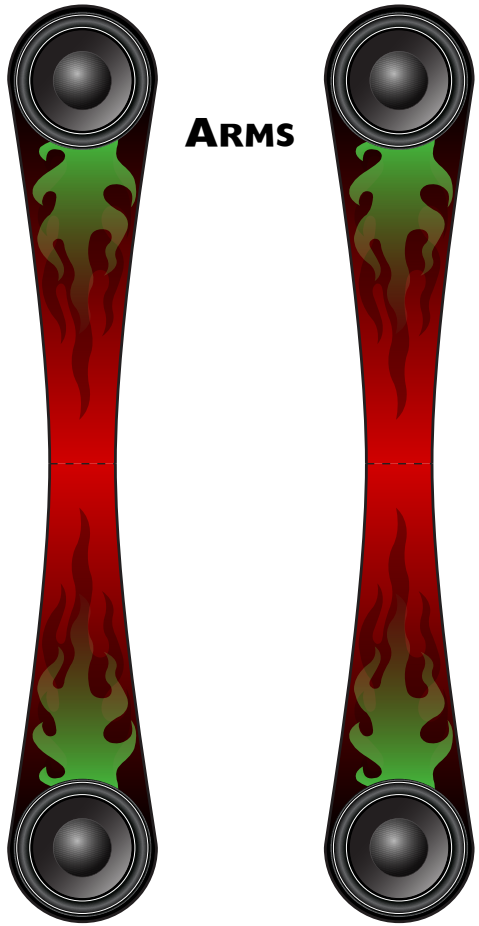

Remember to cut the leg holes in the Body & Shoes, before building them.

Legs

Wrap the Legs around into a cylinder shape

Arms

Cut out the Arms, then Glue & fold along the dotted line.
