Your finished Model should look like this.

Cut out the Wheelman Number Plate Logo, and this section also. Glue this panel to the back of the Logo, & fold the lower panel to create a name stand for your finished toy.

Fit this face to the edge piece 1st.

Front Wheel Face

Top

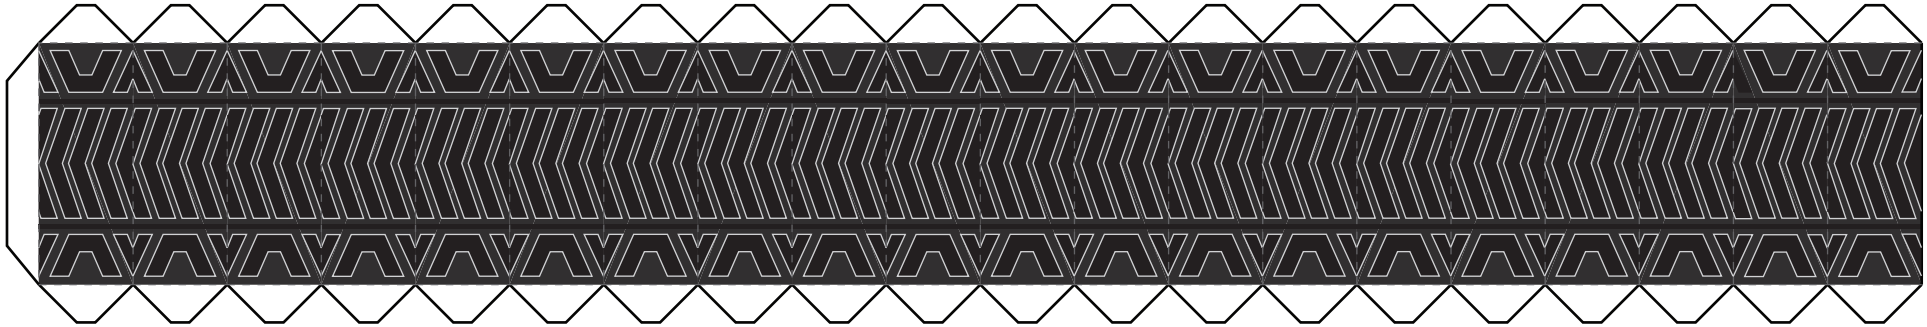

This Way Up

Rear Wheel Face

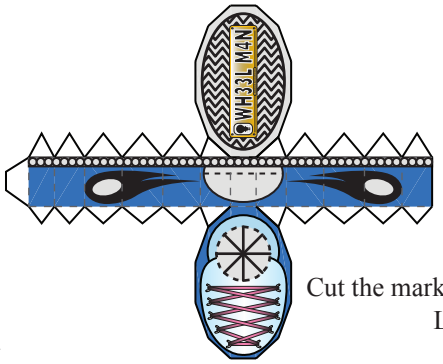

For a more rounded wheel, try building it without scoring. Except for the 3 panels that fit to the Body.

SHOES

Cut the marked slits in the Shoes for the Legs to slot in to.

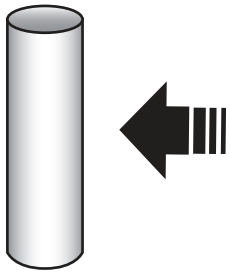

TIP: Fit the Legs in to the Shoes, before the Body.

T-SHIRT BODY

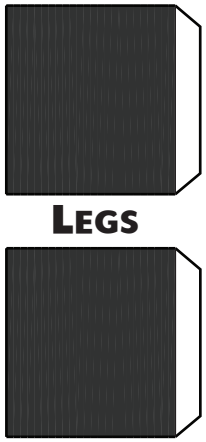

Cut the marked slits in the T-Shirt for the Arms & Legs to slot in to.

Remember to cut the leg holes in the Body & Shoes, before building them.

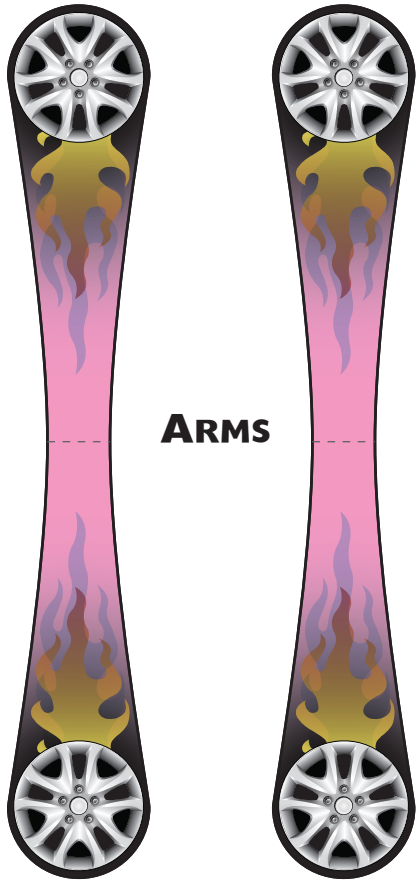

Wrap the Legs around into a cylinder shape

LEGS

ARMS

Cut out the Arms, then Glue & fold along the dotted line.
